PEACE TREATY FOES FEEL SAFER NOW, ROGERS SUPPOSES

(Special To The News)
NEW YORK, Feb. 7.—People that had a doubt about that peace treaty amounting to much, can rest more assured now. They voted the crissers.

Heflin found a cross on one of the flags that is used in the navy. He wants to make it null and void to have anything to do with any flag that Betsy Ross was not the architect of. He has traced the hemstitching on this one right to the Vatican.

Tom will be wanting to abolish boulevards that make direct right angle crossing (claiming that it was some sort of papal sign) and make "an cross each other slantwise."

Yours,
WILL.

PA NEW OBSERVES

This morning the state highway department had the big scrapers on slush cleared off. They were not an absolute necessity but helped a lot.

Cuss words were rampant this morning about the thoroughfares. It was splash here and a splash there and somebody always gets on the wet end of it.

Did you happen to be driving Wednesday evening at most any time from six o'clock on? It was a real effort to keep the car on the road and streets, headlights were caked in behind the wet snow and the whole process was one of creeping.

Pa New and his various signs of spring took a royal tumble last night when the snow started to fall. He apologized to Old King Weather and perhaps if we hark about the cold all of the time, we might have an early spring.

Was rather a question this morning whether it was better to remember the slushy snow from the sidewalks or allow it to remain. In most cases the slush was removed, enough remained on the sidewalks to give it a treacherous coating of ice.

Plan for a new scholastic conference including New Castle high school and a dozen of the other larger schools of the western Pennsylvania district, which is to be discussed at a conference in Pittsburgh on Saturday, seems to be one that would be advisable. These teams would be about in the same class and would afford a conference that would give competition plenty for any of the teams.

Charlie, the restaurateur, again takes the spot light today. Another young party attempted to get away with a spoon. Charlie saw it and promptly tacked fifty cents on the bill. When the question was raised, Charlie explained that it was the regular price for the spoons. The bill was paid and the exit made quickly.

New Wilmington is proud of her basketball among other things. They have a championship college team and their high school boys and girls teams are leading the class B county league. Beat that. You can't take the railroad away from a burg like that.

Talk about magic? Pa New saw Lee Calahan, Boy Scout executive dog some of his tricks, and he is still in a whirl. Mr. Calahan, as many know, is a professional magician, an accomplished trickster and a member of the American Society of Magicians.

Approach of the date for the dedication of the new George Washington Junior High school emphasized the need of some move to have the streets leading to the magnificent new building paved. They should be improved during the coming summer at the latest.

Bessemer Road To Be Extended To Ohio Border

Connecting Strip Of Road To Be Improved With Concrete

STATE IS ASKING FOR BIDS FOR WORK

Will Join Pennsylvania And Ohio Road Systems; Bids On March 1

Contract for 5,823 feet of road in North Beaver township, connecting up the Bessemer concrete road with the Ohio state line road, will be awarded by the State Department of Highways on March 1, provided satisfactory bids are received.

When this road is completed it will give an improved road by way of Meadville, Pa., to Jackson and Bessemer to the Ohio state line, where it joins an improved road system. The road is at present surfaced with limestone and asphalt and is in fairly good shape, except that it is rough.

County commissioners have received a bill of \$2,696.40 for work already done in grading a section of road which is to be improved west of Edenburg toward Hillsville, beginning at the Pennsylvania railroad tracks and extending west. One-half of this amount will be paid by the county and the other half by the state.

Jensen Fails In Record Attempt

Forced To Come Down After Being In Air For 17 Hours

FUEL SYSTEM PROVES FAULTY

(International News Service)
MITCHELL FIELD, N. Y., Feb. 7.—Martin Jensen, who took off from Roosevelt Field in the Bellanca monoplane Green Flash at 9:04:05 a. m. yesterday in a second attempt to establish a new solo endurance flying record, landed here in the rain at 2:10 a. m. today. Unexpected trouble with the plane's fuel system supply more than half his gasoline supply and forced him to descend twenty hours sooner than he had anticipated.

Jensen, who finished second in the Dole flight to Hawaii, was in the air only a little more than seventeen hours, as against the record of 35 hours and 25 minutes made by the late Royal Thomas. Pending an examination of the plane's fuel system later this morning, Jensen expressed the opinion that the loss of more than half of his gasoline supply had been caused either by the overflowing of the gasoline pump or a leak in the tanks of the supply system.

The aviator said he was surprised to discover at two o'clock this morning that his main gasoline tank was almost empty, although it should have contained sufficient gasoline for about twenty more hours of flying.

Jensen flew through a drizzle yesterday and a veritable downpour last night. He made a perfect landing in a sea of mud, with no lights to guide him and visibility further obscured by a heavy rain.

The accident to the fuel system was the second stroke of hard luck suffered by Jensen recently. He was forced down on a Long Island beach last week in his first attempt to set a new mark.

Breach Of Promise Suit Is Dropped

ALLENTOWN, Pa., Feb. 7.—The \$25,000 breach of promise suit filed against Police Captain Albert C. Miller by Miss Marie Schleicher has been dropped.

The 300-pound "cop" is now free to resume his police duties and work as head of the National Fraternal Order of Police of the U. S. A. undisturbed. During the course of the suit, Miss Schleicher claimed the huge policeman was a "cry-baby" and for seven years had sobbed away his woes on her shoulder.

TWO DEAD IN CRASH AT RIPLEY, NEAR ERIE

(International News Service)
ERIE, Pa., Feb. 7.—Two men are dead and another is seriously injured today as the result of an automobile and street car crash at Ripley, N. Y., 20 miles east of here.

Samuel Miller, 75, was instantly killed. Thomas Beemus, 25, died in a hospital here several hours later. B. L. Ottoway, 60, driver of the auto, is in a hospital seriously hurt.

Ottoway turned his car into the path of the street car as he tried to drive into Miller's yard, witnesses say. The interurban, traveling 40 miles an hour, demolished the auto.

Being Feted By U. S. Navy Officials; Gets Tremendous Welcome

(International News Service)
BALBOA, Canal Zone, Feb. 7.—Having delivered the first consignment of air mail ever flown from the United States to the Panama Canal Zone, Colonel Charles A. Lindbergh today rested from his arduous three-day journey by watching the maneuvers of the United States fleet in Panama Bay from the air-plane carrier Saratoga.

Landing at France Field, near Cristobal and Colon on the Atlantic side of the Panama Canal at 4:05 p. m. yesterday, the famous flier received a tremendous welcome from 2,000 spectators on the field.

Planes in Escort

During the last few miles of the trip eight United States army pursuit planes escorted the giant twin-motored Sikorsky amphibian plane of the Pan-American Airways, Inc., in which Col. Lindbergh had covered more than 2,000 miles in less than 20 hours of actual flying time.

After checking his six mail sacks and obligingly posing for photographers, the colonel flew here to be the dinner guest of Admiral Henry Wiley aboard the flagship Texas.

Later he came aboard the Saratoga for the night. He will remain aboard during the maneuvers today and tomorrow until he flies back to France Field tomorrow evening to be

Send British Troops To Quell Bombay Riots

(International News Service)
LONDON, Feb. 7.—With 33 Pathans dead and 327 injured as the result of attacks upon them by infuriated mobs of Hindu laborers, additional British troops have been called out to the riots which have been in progress in Bombay for several days, an Exchange Telegraph dispatch from that city stated today.

The riots started following rumors that the Pathans had attempted to kidnap Hindu children for human sacrifices. Later it was reported that the Hindus were infuriated at the Pathans because the latter had acted as strikebreakers in a recent strike.

The situation now takes on the aspect of a religious war. It is reported that the Hindu attacks are really a form of revenge for alleged damaging of Hindu temples by Pathans.

Bank Of England Discount Rate Is Increased, Report

(International News Service)
LONDON, Feb. 7.—The Bank of England discount rate was increased today from 4-1-2 per cent to 5-1-2 per cent. The 4-1-2 per cent rate had been in effect since April, 1927.

The immediate cause of the increase was the withdrawal of \$14,400,000 gold from the Bank of England for the United States in the last 48 hours, following other large withdrawals in recent weeks.

Activity on the New York Stock Exchange is held directly responsible for the withdrawal.

Settlement Of Roman Question Is Announced

Papal Secretary Of State Makes Announcement This Morning

PAPAL STATE TO BE POLITICAL ENTITY
Agreement Settles Conflict Of Approximately 59 Years

(International News Service)
LONDON, Feb. 7.—Cardinal Gasparri, Papal Secretary of State, today announced the settlement of the Roman question—the Church-State conflict—to the diplomatic corps at the Vatican, said an Exchange Telegraph dispatch from Rome.

The entire diplomatic body accredited to the Holy See had been invited to the Vatican at 10 o'clock this morning to receive the announcement.

The only diplomat absent was Senator Blanca, Argentine Ambassador to the Holy See, who was unable to attend because of illness.

The agreement settling the conflict of approximately 59 years duration will be signed at the Lateran Palace on Sunday, the Exchange Telegraph dispatch added.

The first news that the negotiations for settlement of the Church-State dispute were nearing a successful conclusion was exclusively published in an International News Service dispatch from Rome on December 18. The negotiations had been in progress for about three years between unofficial delegates representing Pope Pius XI and Premier Mussolini.

Under the terms of the agreement: (Continued On Page Two)

Philippine Senators To Go To Washington To Discuss Appointment Of New Governor

(International News Service)
MANILA, Feb. 7.—Senators Quezon and Osmena will leave for Washington shortly to confer on the appointment of a successor to Governor General Stimson. It was made known today, following Stimson's announcement that he was leaving his post here for an appointment under President-elect Hoover. It is generally accepted that the appointment is that of secretary of state in the new Hoover cabinet.

Governor-General Stimson sails on the President Pierce, February 23. He declined today to amplify his previous statement on his new post, reiterating that any further announcement would have to come from Mr. Hoover.

Pensioned Steel Workers In County Get More Than \$84,000 Last Year

Eighteenth annual report of the United States Steel and Carnegie Pension Fund, shows that \$3,488,481.90 was distributed in the year 1928 as pensions among retired employees of the United States Steel Corporation and its numerous subsidiary companies.

Over \$84,000 in County

The pension disbursements to retired employees in the Lawrence county district for the past year total \$84,322.60.

This amount is distributed to former employees of the New Castle and Shenango Works of the American Sheet and Tin Plate company, the New Castle Works of the Carnegie Steel company, the Ellwood City plant of the National Tube company and the Hillsville plant of the Pittsburgh Limestone company.

Disbursements to former employees of the three local plants totaled \$65,645.85 alone. The disbursements in the county district were as follows: New Castle Works, American Sheet and Tin Plate company, \$20,895.65; Shenango Works American Sheet and Tin Plate company, \$18,804.55; New Castle Works, Carnegie Steel company, \$25,534.65; Pittsburgh Limestone company (Hillsville Quarry) \$978.60; Ellwood Works, Ellwood City, Pa., National Tube company, \$17,669.15.

The grand total of disbursements includes not only the operating forces of the corporation and its subsidiary companies, but also the railroads, iron, coal and limestone mining, shipping, land companies, cement works, zinc works, shipbuilding and office forces.

Organized in 1911

The Steel Corporation Pension fund was organized in 1911, and since that time there has been distributed a total of \$22,325,422.67.

Father Of Bank Robbery Suspect Now In Custody

James Motes, 48, Father Of Man Held In Trafford City Robbery Is Arrested

(International News Service)
WASHINGTON, Pa., Feb. 7.—James Motes, 48, father of one of the alleged members of the gang that held up and robbed the Trafford City National bank of \$13,000 last November 3, was arrested in bed early today in the home of a coal miner in Marianna.

Motes is the father of Eddie Motes, 24, arrested last Tuesday when in disguise he went to the Westmoreland county jail at Greensburg to visit Sam S. and Patrick Trader who were captured soon after the robbery.

The elder Motes did not participate in the robbery according to state police but they allege that his former home in Pittsburgh was a "hangout" for the gang and they think he may have been the brains of the bandit crew.

Motes was taken in the home of his brother-in-law Edward Miller at Marianna by O. R. Check, superintendent of the Bethlehem mines; Capt. L. W. Kranz and Lieut. B. W. Smith of the Washington sub-station, state police. He was taken to the Troop A barracks at Greensburg for questioning.

William Gillespie, 26, the fourth man in the actual holdup, has not been apprehended.

Congress About Cleaned Up On Major Measures

Adjournment Of 70th Congress Will Be At Hand In Less Than Month

MANY SMALL BILLS YET TO BE PASSED

House Legislative Calendar Is About Completed; Appropriation Bills Up

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent
WASHINGTON, Feb. 7.—With adjournment less than a month away the 70th congress has apparently written its legislative record upon the statute books, with the exception of personal measures and appropriation bills.

The administration's major program has been completed, although a finishing touch must be given the new cruiser bill. The second session, which began last December and ends March 4, therefore, will have as its outstanding achievements passage of the cruiser bill, ratification of the Kellogg-Briand peace treaty and enactment of the Swing-Johnson Boulder dam bill.

Bills Are Pending

Hundreds of bills are pending which undoubtedly will be killed in the closing legislative jam. Other hundreds will be enacted but these will be bridge bills, individual pension measures and the minor type of legislation, which affects but a single locality and provokes little or no opposition elsewhere.

In the house, the legislative program was about complete today, although three appropriation bills—for the navy department and the legislative bodies and the second deficiency measure—must be enacted. The remainder of the time probably will be devoted to talk-fests or to minor bills, enacted previously by the senate.

In the senate, four bills were given a preferential position. These were the Caraway anti-rain gambling bill, the Jones prohibition reorganization bill, the Edge resolution for a survey of the Nicaragua canal route and the

Two Sisters Love Same Man; Stage Duel With Axes; Both Killed

(International News Service)
WARSAW, Feb. 7.—Two sisters, Maria and Josefa, Skardecki, of Leszowa, fought a duel with axes and killed each other today in an attempt to decide which should marry the man who had courted both.

Both women were prospective mothers.

The man involved said to be an engineer named Brockelitz had asked them to decide which one he was to marry.

The women retired into the forest, each armed with an axe. The duel was decided in an instant. Josefa's axe severed the arteries of Maria's neck and at the same moment Maria's axe crushed Josefa's skull.

Officers Check Prisoners' Riot In Berks County

Four-Hour Disturbance In Eastern County Jail Is Quelled

JAIL IS GUARDED TO CHECK OUTBREAK

Bad Food And Alleged Ill Treatment Are Blamed For Trouble

(International News Service)
READING, Pa., Feb. 7.—State troopers and Berks county officials, using tear gas, quelled a riot of more than 180 prisoners in the Berks county jail during the night after a four-hour disturbance.

The enraged inmates had driven off Warden A. L. Rhoades and his guards with a bombardment of dishes, electric light globes and pieces of broken furniture and had taken possession of the cell corridors.

State Police on Guard

Bad food and alleged ill treatment was blamed by the convicts for the uprising. Rhoades said the trouble had been brewing since Monday, when Mike Terrizzi, 19, was punished for setting his bed ablaze. He was thrown into the "buck," the cell where usually prisoners are kept on a bread and water diet. After his release on Tuesday he again aroused the other convicts and the trouble reached its height last night when state troopers were summoned.

Ten of the state policemen still remained on guard today to prevent further trouble.

Copper Wire Gang Believed Broken; Arrest Is Made

(International News Service)
GREENSBURG, Pa., Feb. 7.—State police today believed they had successfully broken up a gang of copper wire thieves operating in Westmoreland county mining districts within the past year when they arrested Milton W. Race, 40, of Scrabble, on charges of breaking, entering and larceny.

State police say they have evidence that Race and other members of a gang stole 22,000 pounds of copper wire. Recently 6,000 pounds of the wire were sold to a junk dealer at Creighton, near Threnton, for \$1,200. Arrest of other members of the gang is expected.

Adopted Child Of Babe Ruth Is Not Odell Baby

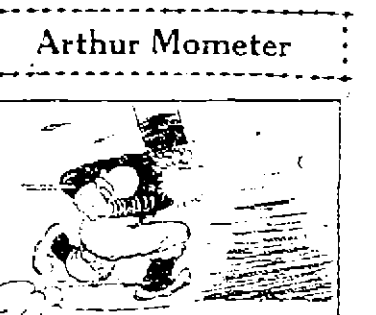

(International News Service)
AUBURN, N. Y., Feb. 7.—Warden Edgar S. Jennings of Auburn prison today definitely put an end to speculation as to whether the adopted child of Babe Ruth was born to Mrs. Pearl Odell, serving a 20-year term for murder, when he announced that prison records show the Odell child was adopted by an elderly couple.

Warden Jennings declined to reveal the identity of the couple out of regard for the child.

His announcement followed an affidavit filed at Rochester by a lawyer, who sought to show that eight-year-old Dorothy, Helen Ruth was really Mildred Gloria Naomi Odell, whose father was executed at Sing Sing and whose mother now occupies a cell here. Photographs formed the basis of the lawyer's claim.

Oh I sing of the days when the chains are put on and the autos go slithering by, let the poets sing on of those bright autumn days, when the woodland and meadow are dry. But I sing as I say of the muck and the slush, when the auto wheels play dirty tricks, of the mud and the water that splashes on your daughter, the weather is just thirty-

Eastern Representative Sponsors Racing Bill, Would Permit Betting

Assemblyman Charles C. A. Baldi Jr. Of Philadelphia Has Racing Bill Ready

Revenues State Would Collect From Pari-Mutuel Machines Would Be Enormous

By ROBERT E. GORMAN
International News Service Staff Correspondent

HARRISBURG, Feb. 7.—A bill to permit horse racing in Pennsylvania and the operation of betting machines on race tracks will be introduced in the House of Representatives next week, probably Monday night, by Representative Charles C. A. Baldi Jr. of Philadelphia.

A similar bill introduced by the same member in 1927 was defeated. This time Baldi proposes to make a fight for the measure and attempt to have it go through the Senate without delay.

Already the Philadelphia member has made overtures to several members from the anthracite coal counties, pointing out that the revenue which could be returned through the bill would offset in a short time the money the state would lose if the anthracite coal tax repeaters pass.

Tax Would Be Heavy
The bill will provide for 100 racing days in Pennsylvania and track operators would be required to pay to the state, through a racing commission which would be created, \$3,000 for each day. The bill would permit the operation of pari-mutuel machines, similar to those in use on the Maryland tracks, and 15 percent of the money bet through these machines would be returned to the state treasury.

The sponsor estimates that during the first year the bill would be effective the state, with two tracks in operation would be enriched by between \$5,000,000 and \$6,000,000, which is the estimated revenue the anthracite tax will bring in annually during the coming biennium.

Fisher And State Leaders Confer

Conference To Discuss Legislation Is Held In Harrisburg Today

HARRISBURG, Feb. 7.—Another of the series of conferences for the discussion of proposed legislation will be held today at the executive mansion.

Attending the afternoon session with the governor will be Joseph R. Grundy, Bristol manufacturer, W. L. Mellon, former Republican state chairman and General Edward Martin, the present chairman.

At dinner prior to another conference tonight State Treasurer Samuel S. Lewis, Auditor General-elect Charles Waters and Charles Johnson, secretary of the commonwealth, will join the other conferees.

While the discussion is intended to center primarily about the measure to make operative a state department of revenue other "problems of interest" will be discussed. Governor John S. Fisher said.

FINEFROCK BACK FROM TRIP AROUND WORLD

(Continued From Page One)

Lands to Italy and France and thence back to the United States.

Mr. Finefrock left here in May 1928 for Baltimore, Maryland. There he shipped as an able-bodied seaman on the "Sacramento," a Nelson liner bound for San Francisco via the Panama canal. From San Francisco he sailed for Sydney, Australia by way of Honolulu, Pago Pago and the Fiji Islands. After spending nine days in Sydney, Australia he returned to San Francisco.

Back Across the Pacific

Again he shipped over the Pacific. This time to Kilauea, Hawaii where he spent fourteen days visiting the points of interest, among them the volcanic mountains there. From Kilauea he shipped to San Marcos, Mexico on a tramp freighter and from San Marcos shipped to Long Beach, Cal. From Long Beach he went back to San Francisco and for the third time shipped out on a trans-Pacific steamer, this time bound for Kobe, Japan. From Kobe he worked down through to Shanghai, to Hong Kong, to Manila, to Singapore, to Penang, Colombo and thence through the Suez canal to Port Said. Here he visited Egyptian cities and then went to Naples and Genoa, Italy. From Italy he went to Marseilles, France, and shipped on a New York bound boat, arriving home on Wednesday.

Some of the items of the trip are most interesting. Egyptian pyramids, tapestries, ebony elephants, embroidery, lacquer boxes, old silver trinkets and many other things of interest.

Started With \$3.00

Mr. Finefrock left New Castle with \$3.00 in his pocket. He returned with \$100.00, and a lot of valuable souvenirs in addition to having had the trip. "It is the only way to see the world," he said upon his return. "By shipping out from various ports as a seaman one is assured of his meals and lodging, is paid for work that is not hard and upon arrival at the port he can leave to visit the country or stay on the ship. My experiences were most pleasant, some of them tinned here and there with danger, and all of them interesting."

Whether he will return to the west coast is a question with Mr. Finefrock. He is tentatively planning another tour of the world, but if he does not do that may go through the South American countries on his next trip.

He will be at the home of his parents at 315 Florence avenue for a short time and expects to lecture upon his trip, showing his wealth of exhibits as a part of his lecture.

COL. LINDBERGH RESTS AFTER THREE DAYS' PLANE TRIP

the guest of Colonel Arthur Fisher, commander of the flying field.

To Start Return Sunday

Col. Lindbergh will start his return trip to Miami Sunday morning. He will follow the same route as on the way down. Col. John A. Hamilton, vice president of the Pan-American Airways, and H. L. Buskey, the radio operator and mechanic, who made the flight from Miami, will also make the return flight. The mail plane is expected back in Miami late Tuesday.

About 700 miles were covered yesterday in six hours and 45 minutes. The mail plane left Managua at 8:40 a. m., reached Punta Arenas, Costa Rica, at 9:27 a. m., soared aloft again at 10:15 a. m., arriving at David, Panama, at 12:45 p. m. and leaving that place on the last leg to the Canal Zone at 1:40 p. m.

Col. Lindbergh stated that he encountered good weather all the way down from Miami, although he ran into headwinds on the last 300 miles yesterday. At every landing point he kept within a few minutes of a scheduled arrival time before the flight.

Police Here Are Asked To Hunt Kidnaped Boy; Missing From Coast Home

Local police authorities have been asked by Mrs. D. R. Smith of 304 Leasure avenue, to assist in any way possible in the effort to locate Master Richard Stanley Grant, aged 11, who disappeared from his home in Los Angeles, Cal., December 22, 1928, and his alleged abductor, Henry Palmer, alias Harry H. Palmer, alias L. S. Borden, alias Frank S. Borden, alias Nathan Eagle.

Mrs. Smith is a friend of the mother of the missing boy, Mrs. William Grant, of 312 San Fernando Road, Los Angeles, Cal., and received the request and information in a recent letter. She in turn solicited the assistance of the police here.

The story of the abduction of the little boy is most interesting. Palmer, with his numerous aliases, was known to Mr. and Mrs. Grant and other stopped at their home. He seemed especially interested in the boy.

Four days previous to Christmas

he came to the home bringing the boy a fine big toy engine. When he left, the boy went with him. The boy has not been seen since. Palmer was last seen in Barstow, Cal., on December 23, 1928. He is believed to have been implicated in the wrecking of a Santa Fe train at Hesperia, Cal., December 25, 1928.

The boy is four feet seven inches tall, weighs sixty pounds, is of slender build, has light blond hair, blue eyes and a moon scar under hair behind left ear. He was wearing a gray suit and cap, tan shoes, light shirt, jazz sweater, gray and brown overcoat when last seen.

Palmer is 40 to 43 years of age, five feet six or seven inches in height, about 150 pounds in weight, stocky build, ruddy complexion, never wears necktie and is a painter or decorator by trade. They are traveling in a 1920 Dodge roadster. The mother is in a greatly distressed condition and hopes for speedy information.

Sale Of Tickets Meeting Success

Townpeople And Others Urged To Make Banquet Reservations Immediately

INDICATIONS POINT TO ATTENDANCE OF 1,500

Tickets for the national commander's banquet being given under the auspices of the New Castle post of the American Legion at the Cathedral next Tuesday night are selling fast, according to Dr. Harry L. Rosenthal, in charge of the sale locally.

While it was estimated last week that at least 1,200 persons would attend the affair, Dr. Rosenthal and other banquet leaders now have reason to believe that this is an exceptionally low figure. They are at present looking forward to a throng of at least 1,500 Legionnaires, townspeople and other friends.

Time is drawing short and tickets are going rapidly. It is the general advice of the ticket committee that every intending to buy one for that event should do so immediately and thus vanish any probability of not being able to attend because of a sell-out. Those desiring such should call at the Snyder Piano Company, North Mercer street, or call Bell 60, the office of Dr. Rosenthal.

A request from Youngstown this morning asked for a further allotment of 25 banquet tickets, in addition to the 50 sent to that post some time ago. The general belief is that Youngstown Legionnaires will sell even more.

"It's a good time to get tickets for all who haven't bought theirs yet," said Dr. Rosenthal. "But five days remain before the banquet now."

SETTLEMENT OF ROMAN QUESTION IS ANNOUNCED

(Continued From Page One)

A Papal State will be created including the territory containing the Vatican and adjacent properties. The Pope will have temporal power over this new state, but the collection of customs and tariffs will be left to the Italian government.

The embassies and legations of the envoys accredited to the Vatican and a railway station will be included within the new "power."

The Papal State will be a political entity and may eventually have membership in the League of Nations.

By GUGLIELMO EMANUEL

International News Service Staff Correspondent

ROME, Feb. 7.—The conflict existing between the Catholic church and the Italian state for upwards of half a century has been settled.

Announcement of a solution of the Roman question was made today by Cardinal Gasparri, papal secretary of state, to the diplomatic envoys accredited to the Vatican.

It is understood that Pope Pius XI will hold a secret consistory at the Vatican on Tuesday when announcement of the settlement will be made to the cardinals.

Cardinal Gasparri stated that all the nuncios had received instructions to inform their respective governments of the settlement. The cardinal, however, did not detail the terms.

COUPLE CELEBRATE GOLDEN WEDDING

A beautifully appointed dinner was served to 40 relatives Wednesday in the home of Mr. and Mrs. Robert C. Shaw of Scott township in celebration of their 50th wedding anniversary. A large wedding cake banked with flowers formed the centerpiece and gold and white decorations were used throughout the home.

About 65 neighbors and friends were received informally during the afternoon and evening and the honored couple were the recipients of many lovely gifts and a purse of gold.

Miss Jennie Patterson and Robert C. Shaw were married February 6, 1879, and are the parents of three sons, Frank Shaw of Hickory township, Given Shaw of Plaingrove township and Edgar Shaw of Washington township.

Mr. Shaw was born and raised on the farm where they still reside. Mr. Shaw is in his 76th year and Mrs. Shaw is 72 years of age and they are both in fairly good health.

Among the out-of-town guests were Mrs. Margaret Blevins of New Castle and Thomas Patterson of Sharon, sister and brother of Mrs. Shaw.

CELEBRATE GOLDEN WEDDING, WEDNESDAY

In celebration of their golden wedding anniversary Mr. and Mrs. Oscar Harlan of Harlanburg received friends and relatives at an informal reception in their home Wednesday.

The home was beautifully decorated with color tones of yellow and white, and over 115 guests were received during the day. Many beautiful gifts, including a purse of gold, were received by the honored couple.

Mr. Harlan is aged 75 and Mrs. Harlan is 69 years of age. Both are enjoying good health. They are the parents of four children, three of whom are living, Benjamin Harlan of Youngstown, O.; Fred Harlan of Winter avenue, this city; Roy Harlan of Harlanburg and one daughter, Josephine, deceased.

Mr. and Mrs. Harlan have spent practically their entire lives in Harlanburg and the vicinity and are descendants of pioneers of Lawrence county.

A number of out-of-town guests attended the celebration.

Y. L. B. Class.

Y. L. B. class of the Third U. P. church met Wednesday evening at the close of prayer meeting for the monthly meeting and program. Following the devotionals, led by Mrs. J. A. Cox, a brief business meeting was held. It was decided to discontinue the dinners at the church on Wednesday, which has been the custom for some time.

An attractive musical program was given later in the evening. A duet number by Mrs. E. A. McClure and Mrs. R. L. Coulter and readings by Mrs. Nettie Forrester and Mrs. J. H. Koehler were well received, also a vocal number by Mrs. C. F. Clark.

Gleaners Class

Gleaners class of the First Baptist Sunday school taught by Mrs. Paul D. Weller met for the February meeting Tuesday evening in the church dining room. Special guests were Mrs. George Landis, Mrs. James Lewis and June Frazier.

All members of the Order of the Eastern Star are privileged to attend. A reception and banquet for the grand officers will follow the ceremony.

Hadassah Campaign

New Castle Chapter of Hadassah, the Women's Zionist organization of America, is formulating plans for an intensive membership drive during February. Under the leadership of Mrs. R. Rubenson associate chairman, the membership committee is planning a campaign in which scores of local women will be invited to become acquainted with the work of Hadassah.

Close to 30,000 Jewish women of America are members of Hadassah, all working toward the goal of a high standard of health in Palestine.

Nationally there are 290 Hadassah chapters in all sections of the country. Locally the organization has been thriving for seven years with a membership of over 100 active members.

Mrs. Marc Levine, president, has able committees assisting her in the various branches of work, and she will take an active part in the campaign.

The climax of the campaign will be in the form of a Membership "Tea" at Temple Israel, Sunday, February 17, with a program to be arranged by the committee.

L. A. B. Club

Covers were laid for 11 when Mrs. James Grove and Mrs. John Shaffer entertained jointly at luncheon Wednesday for members of the L. A. B. club in the former's home on East Washington street. Hand painted place cards marked the places and pink tulips formed the centerpiece. Mrs. Horace Morgan assisted the hostess in serving.

The regular meeting will be with Mrs. Frank J. Patterson, Richelieu avenue, February 14.

Rubini Sisters Head Bill In Capitol

Headed by the four Rubini Sisters, famous the country over as artists on the violin and cello, the Capitol theatre promises a real program for Thursday, Friday and Saturday. The Rubini's have a big time act, one that would grace any vaudeville stage in the country and their appearance here opening today presages a real show. With them will be three other acts, all of them good. The picture will be "Silks and Saddles," a mixture of romance and racing.

Because of the heavy bill the first part of the week the Discovery Night was postponed from Tuesday night to Friday night. This gives the theatre fans the weekly laugh of Discovery Night tomorrow night. Talent should be registered early.

Monday evening the usual Diamond Ring night will be changed to Gold Night. Instead of a diamond ring being given to the lady holding the lucky admission ticket, five ladies will be given a \$5.00 gold piece each. Be sure and save your admission tickets.

TO HAVE RECEPTION FOR NEW MEMBERS

Arrangements are being made for a congregational dinner and reception for the new members received during the recent evangelistic campaign at the Third United Presbyterian church, East Washington and Adams street, Wednesday evening February 13.

The congregational dinner will be served about 6:30. An informal program of music and talks will follow the dinner. The committees in charge are making every effort for one of the most successful social events held during the year.

Modern Priscilla

Mrs. W. V. Fielding was hostess at a prettily appointed one o'clock luncheon in her home on Winter avenue Wednesday for members of the Modern Priscilla Kensington. Covers were arranged for 10 guests and spring flowers were used as a centerpiece.

After-luncheon hours were spent with cards and fancywork. Mrs. J. R. Robertson of Erie, Pa. was a special guest.

In two weeks Mrs. Frank Harlan, Sheridan avenue, will entertain.

Wednesday Bridge Club

Mrs. Clarence Horton and Mrs. Clarence Armstrong won the high score favors Wednesday afternoon when Mrs. Ross Auble, Hillcrest avenue, entertained members of the Wednesday Bridge Club in her home. Mrs. Clarence Armstrong was a special guest.

Today

A Joyful S. O. Day.
L. A. To N. Y. 18 Hours.
How the News Runs.
Usual Riots in India.

By ARTHUR G. BRISBANE
(Copyright, 1929, King Features
Syn. Inc.)

A day in June does not compare with directors' meeting day for stockholders in Standard Oil of Indiana.

Mr. Rockefeller is figuring to expel Col. Stewart and Col. Stewart is fighting to continue blessing S. O. of Ind.

Imagine the motions of stockholders told that they are to receive a 50 per cent stock dividend without money and without price, also without income tax, plus higher dividends.

Four million six hundred and twenty-five thousand shares of perfectly good Standard Oil of Indiana stock worth at present market prices \$444,000,000. That's a good deal to give away at a directors' meeting.

This liberality is expected to help Col. Stewart's hunt for proxies. Mr. Rockefeller may tell stockholders it is easy enough to hand out stock less easy to pay dividends on it especially if the company should be cut off from the other little Standard Oil companies.

Enthusiasts were trying to buy Standard Oil of Indiana 70,000 shares at a time Tuesday. Speculators said to themselves "If Standard Oil of Indiana can do it why not other Standard Oil companies?" So others went up in price.

The price of copper metal went to 17 1/2 cents Tuesday. Higher prices are expected in the Anaconda Copper Laboratories. John D. Ryan's experiments have produced thin copper at low cost for building purposes. In the long run more copper will be used in building than for any other purpose.

The news of today runs in this fashion: Henry Ford who raised out his new Model A car 1,000,000 is producing 6,000 cars a day in Detroit, employing in his plant 135,000 men.

Samuel De Valera who insists that Ireland should be a republic, free of all British strings, is arrested trying to enter Ulster. The word "republic" is not popular in the north of Ireland.

Primo De Rivera the Spanish dictator says the upheaval in Spain amounts to nothing. The Spanish newspapers are muzzled, which indicates some trouble.

Col. Bury assistant secretary for mines said 2,000 miners needed in South Wales could not be obtained. Laborite members shouted "liar."

That fashion was set by Tim Healy and other Irishmen in Gladstone's time.

J. Pierpont Morgan gives a New York hospital two buildings worth \$2,000,000. Giving seems to be inherited as illustrated also in the case of the Rockefellers.

Mr. Morgan's father gave to New York one of the finest institutions a great lying-in hospital.

Serious rioting in India was caused by a report that Mohammedans kidnapped Hindu children and sacrificed them in connection with the construction of a new bridge. The report probably is not true.

Once important works were usually accompanied by human sacrifices. Somebody was killed and buried under the corner of a new building. A child or adult was often killed and buried in a shallow hole in a field newly planted. Knowing nothing about fertilizers they observed with "religious awe" that the grass grew greener where the corpse was buried.

Mme. Bella Pollock died Tuesday in Rumania aged 118 leaving 21 children the oldest 85 and a fiancé who would have been her third husband. Mme. Pollock ate two and one half pounds of black bread and a pound of sugar every day and was never ill until her last illness.

Men often live long when the doctor tells them that they will soon die. A warning makes them careful. James Melrose twice lord mayor of York, England is dead aged 100. Insurance companies refused him as a bad risk 70 years ago.

The famous Luigi Cornaro became interested in his health when doctors told him at 40 that he must soon die. He ate only 12 ounces of solid food, drank 15 ounces of red wine daily, died at 104.

Hints and Dints

Sun sets tonight 5:26. Sun rises tomorrow 7:02.

Age has compensations. You feel no urge to go bare-headed or wear floppy pants.

Women may be equal, but a man doesn't persuade some friend to go with him to the barber shop.

Women grow up to wealth, but there isn't much more a man wants after he reaches the level of a clean shirt every day.

That Syracuse professor is right. When you don't need swear words, all of them are too strong; and your need is great, none is adequate.

War has its insect pests, and peace has its critics who knock every shod in an effort to seem fed-up and superior.

What a world! You wonder how a man so worthless got a wife like that, and why a man so able picked one of that kind.

If only the intelligentsia would say or do something to prove its superiority instead of just registering scorn.

And yet, Alas! the metropolitan who boasts of the superiority of city men can name only one.

Speaking of war, many of those killed last year by automobiles might have lived through a year of trench warfare.

THE LAUGHING LADY
By Franklyn Blanning
I first saw her when I was six.
My broken toy she stooped to fix.
Her lips were kind and, oh, so red.
I thought of them when my finger bled.
Her eyes shone like a Christmas tree.
A perfume sweet, enveloped me.
My mother, sitting on the porch,
Said, "Come, my Joe, the sun will scorch."

During the molins when I was seven,
I was taught the joys of heaven;
In my bright Bible story book
At angel pictures I would look.
They were so dull, I felt regret;
The lady had gay patterns set.
"Why are you dreaming there, my son,
Your picture book you've just begun?"

Then came the time when I was eight,
And I was swinging on the gate;
My lady fair came down our walk
And I was hoping she would talk.
I smiled my best for her to see
Her face beamed, "You remember me!"

Then mother opened our front door,
"Come, Joe, you must go to the store."

Just two days after I was nine,
I lost the pup that I called mine.
We sought him through the neighbor-
hood;
When night came on, alone I stood,
Next day my dog was brought to me;
My lady nodded graciously,
"I knew him so I brought him home."
Said mother, "Such a place to roam!"

I can't forget when I was ten,
The day I caught the downy wren.
As I went trotting down the street,
The pretty lady I did meet.
She scooped the bird with cool, white hands,
But gave to me no recipiands.

For her the wren got sweet release,
And since, I give wild creatures peace.

When my years were just eleven,
Daddy worries found no heaven.
I wondered why she walked alone,
My fairy queen should have a throne.
Her shining tresses should be crowned

With flowers and with leaves so green,
The day I caught the downy wren.
As I went trotting down the street,
The pretty lady I did meet.
She scooped the bird with cool, white hands,
But gave to me no recipiands.

For her the wren got sweet release,

Life sharp wuz held up an' robbed, last night, while exercising his police dog.

What does the hotels an' cafes do with all the peas an' carrots mixed that are left untouched?

Those people don't know how to play!"

When bows were made to tall fifteen,
My hands were large and I was lean.
She came toward me in filmy lace.
Of evil I could see no trace.

"Joe, none are nicer in this town,
When I pass by you don't look down."
Said mother, "Do not speak to her,
Her soul's a blackened sepulchre!"

The autumn that I was sixteen,
A friend went visiting unseen.
My lady proved an empty quest
And there was singing in my breast.

Perfume, laughter and fine clothes
Could be as chaste as calicoes.
Said he, "Of course, she has her price,
She's just prettendin' that she's nice."

I bear the scars of seventeen.
She then life wears an ugly mien.
A bullet through her golden head!
A bloody note upon her bed!

"Here joyous living has no chance,
Perhaps in hell they'll let me dance!"
They put her in the pauper lot,
And there my laughing lady rots.

Wives of great men: oft remind us
We can strike a pose sublime, but the

AMERICANISM: Sick people taking nothing because they are poor and ignorant; well people taking "health-builders" because they are advertised in the magazines.

Massachusetts! head M. D. says the flu epidemic is just a national panic. Still, as a general thing mere panic doesn't make you spunk the children.

It's still a hick town if its citizens are proud of their traffic problem.

About all you can say for February is that one of its nights sees the last Christmas toy stepped on and kicked into a peaceful oblivion.

The victor, faltering on the field,
Caught triumph from despair
And claimed what he had thought
to yield.

Unto his rival there,
Fight on! Fight on! the while you live,
Hold fast until you lose,
While you have strength a blow to give,
Do not that blow refuse.

Faint hearts of failure have such fear,
To meet it they'll not stay,
And so when victory may be near
They often run away.

Not more than 100 week ends ago,
in the magazine section of a N. Y.
journal, Fulton Oursler prepared a
most diverting argument which might
have been headed "Are Critics People?"
In it the author of several
novels and plays commenced along
these lines: "Audiences, therefore,
are the real judges, let one select
from their reactions in the various
reviews."

And so at the Fulton theater, where
Mr. Oursler's most recent manuscript
"All the King's Men," was played by
a small but excellent troupe, we plotted
the first night to follow the author's
suggestion.

The affable auditors, let it be re-
corded, appeared generously enter-
tained by "All the King's Men." There
were frequent demonstrations of en-
thusiastic approval via the hand-
clapping or lusty laughter route, and
when the attendance was not deter-
minative they seemed pleased with
the less robust dialogue. In brief,
the first audience enjoyed the new
entry at the Fulton which Lew Car-
ter sponsored.

The Oursler theme is repeated
from the familiar stage perspective,
aims to reveal the numerous prob-
lems that are not easily solved when
one reads a second time.

Newest Theory Of Man's Origin
Meets With Cautious Interest

Lay View Is That Smithsonian Biologist Who Assails Darwinian Principles Must Prove His Case To Fellow Scientists

Laymen await the mature reactions of the scientific world to the new theory of evolution by Dr. Austin Hobart Clark, noted biologist of the Smithsonian Institution. In the meantime from a lay origin, which must be placed so remotely in the past that the imagination itself is exhausted in the effort to grasp its significance. The SOUTH BEND TRIBUNE comments that "if the popularity of Darwin's theory should dwindle, it would not be the first time that a well-defined, widely accepted and apparently incontrovertible theory has been shelved by the advance of science."

Of this departure from Darwinian beliefs the BOSTON EVENING TRANSCRIPT observes: "Dr. Clark's theory takes its place under the microscope of scrutiny, and that is about all that can be safely said about it." "In the meantime the men of science will probably continue to stand with the cautious Huxley, who said to Darwin, 'I will stop at no point so long as clear reasoning will carry me further.'"

The MONTGOMERY ADVERTISER says: "Dr. Clark's hypothesis, that man was 'suddenly' created in his present form, 'yet remains to stand the acid test of controversy with contemporary biologists, not one of whom, except Dr. Clark, believes that man was 'suddenly' created.' The HARTFORD DAILY TIMES closes its long editorial on this subject with the words: 'We should conjecture that what is now heralded as a new theory is rather a better understanding of natural proceedings not much, if any different in the principle revealed through them from what is reflected in the narrative, 'And God said let there be light; and there was light,' illuminating creation which never ceases.'"

As a result of Dr. Clark's announcement, "biology and the related sciences will have the opportunity of staging a 'young revolution' dependent on how many of Dr. Clark's fellow scientists take to the new conception of how man reached his present stage of being," remarked the CHARLOTTE NEWS, as it explains that this new theory differs vitally from that of Darwin and explains the ascent of man from a lower form of animal life by a series of jumps from one major form of life to another rather than as a gradual development as is set forth in the Darwinian theories.

"O well, it's a reasonably free country," the ARKANSAS DEMOCRAT exclaims, "and the learned gentleman has a right to his opinion. But when he gets on the fence with the evolutionists on one side and the creationists on the other, he can bet his last book on biology that he isn't going to get much support."

One evidence that "man did walk on all fours or at least in a stooped or bent position," the SIOUX CITY JOURNAL finds in the fact that "down through thousands of years the crown has been far back on the skull," whereas Dr. Clark contends that "man has always walked upright." This paper thinks that "one after another the scientists who come into the world of the playhouse where the better grade of entertainments are revealed."

Some heck it up to the Whelan traffic plan, which has been most successful, while others contend that players are in the mood for diversion again and that the stage menu is better.

But the recent depression ruined a man who planned another production. He was one of the sponsors of "Bunk," a few years back (which, incidentally, was among the first found guilty by the police courts). He will be seen in "Broken Chances," a forthcoming show. He is in the cast as one of the extras.

SHOW BUSINESS
According to those whose racket it is to prove Broadway and learn things, last week was the most prosperous theatrical week in many seasons. If there is a slump, it was not felt in most of the playhouses where the better grade of entertainments are revealed.

frantic until they heard of our safety. What must have been your sufferings during all the tedious days of suspense and tedious nights! For my own part, sick as I was, and vomiting every half hour for three days when we took our position in the advance on Sunday morning, as we were supposed to open the ball on the great day of the fight, I felt a relief and satisfaction in the feeling that I would soon know the best and the worst of it, and the idea of battle imminent and deadly was a relief to the tension of my mind in expectation of it.

On Saturday evening, near dark, our division was sent to reinforce Franklin on the left, but darkness coming on, we lay in a section awaiting orders. At 5 o'clock in the morning I received orders to march my brigade to the front and close up the gap on General Brooks' right. I did so and found myself within speaking distance of my enemy's front line of pickets. We mutually forbore to fire and in the morning's light I discovered that I had just moved in time to save Brooks from being flanked. Soon after daylight I moved back to my old position, and at 8 o'clock our division was marched into the city preparatory to the grand assault. At 9 o'clock General Burnside proposed to take the ninth corps, his own corps, and lead them in person against the enemy's works, but wiser counsel prevailed and the day passed quietly. Had he done so we would have been destroyed, both leader and troops, for the position is one which without siege artillery, can be held by 500 men against 50,000. Now we lie still for a season, but everything betokens an early resumption of hostilities, but where or how, time and newspapers must determine.

Gordy has just come in and I postpone the conclusion of my letter until tomorrow.

I have just received your letter of the 8th. I am both sorry and glad that Jimmy has not been able to come at present. I don't want him to be sworn into the service just yet. I might have some trouble getting him released from the regiment to go with me. I will do my best for his interests. I hope his sickness will not prove serious. If we once get settled for a short time he can easily join me by coming with someone to see us, or I may go home myself for a short time and he can return with me. No word of Jeff yet. Lieutenant Calhoun is still in the hospital at Georgetown. Fresh troops are still arriving, here which seems to indicate no rest for us.

Company K is here today at my quarters making them more comfortable for cold weather. I will write again tomorrow or the next day. I do not write to anyone but you as I have nothing to say that you cannot tell them just as well.

LEASURE.

Recent Bride Is Killed By Blast

NEW YORK, Feb. 7.—Whitney Van Wickler, 40, wealthy contractor of Richmond Hill, a suburb, is in a serious condition and his bride of a month is dead as the tragic aftermath of a gas explosion which wrecked their home Tuesday night. The couple had just returned from a honeymoon in California. When the bride attempted to light the gas range to prepare their first meal in their new home, the combination of flame, gas and the stuffy air of the long-closed room caused a combustion. The wife, Mrs. Jessie Van Wickler, 39, was buried under the debris and died almost instantly.

But the gift of memory may be a curse as well as a blessing. We decide for ourselves which it will be. Today we make tomorrow's and next year's memories. It is mostly up to us to say whether we shall think back to roses or think back to bitterness. Every day we are laying up the mental and spiritual bank account of the future. Are we arranging for the day when we shall either

be glad or be wretched because of memory?

WHAT GOES INTO MEMORY?
A man said: "I will treat those who are nearest and dearest to me in such a way that in the long and perhaps lonely days to come memory shall be sweet."

Daily we bring something to put in the temple of remembrance. In the afternoon of life shall we find comfort and peace in visiting the temple?

INDEPENDENCE
Young men are sometimes impatient when older people urge them to save money. Young people think that if they have a job, and enough is coming in to keep them going, there is nothing else that need be done. Older people know the pain of poverty. They know the humiliation and sometimes the wretchedness and misery of dependence. They know what it is to live with people who do not care for them. Some, indeed, know the deadly chill of the poorhouse. Robert Burns was not a man without fault, but he looked far into the human being and he had a keen understanding of life—its penalties, its failures, and its rewards. He wrote this verse:

"To gather gear by every wile,
That's justified by honor,
Not for to hide it in a hedge,
Nor for a train attendant,
But for the glorious privilege
Of being independent."

INDEPENDENCE OF MIND
To be sure of independence of mind is better first to be sure of financial independence. If you are dependent on somebody else for every dollar—if you have never saved any money and have no foundation of your own to stand on—it is pretty hard to have independence of the mind—to say what you choose and be what you think you ought to be.

Young men will listen very little to their elders. Experience is something that must be gone through again and again.

"I sure was right — I lit a Lucky"

"So many people have made a fuss over me because in rowing back to the 'America,' after we had picked up the 'Florida' survivors, I was smoking a Lucky Strike. I can't see why there should be any excitement about this—it was the natural thing for me to do. Before we started out from the 'America' I made sure that my pack of Luckies was with me—I wanted the comfort and pleasure of Luckies no matter what happened. I sure was right. I'll have to admit that after we picked up the 'Florida' crew and started back, my nerves were completely let down. So I did the thing I always do at such times—I lit a Lucky. As long as I live, I'll never get another kick as I did from the sweet old toasted flavor of that Lucky as we were tossing about on the old Atlantic. I'm a hundred percent when it comes to 'reach for a Lucky instead of a sweet.' I lay off the things that would make me flabby and light up a Lucky instead. There's too much action going on in my life to have me moving around with a lot of excess weight which I don't need. There's another thing about Luckies. The toasting process, in removing the impurities, is a blessing to us who follow the sea. It prevents throat irritation which is a constant nuisance to those who are regularly exposed to salt air."

Baltimore Man Goes On Rampage, Two Are Dead, Two Wounded

International News Service.
BALTIMORE, Feb. 7.—Two persons are dead and two others, one a eight-year old girl, are seriously wounded, as the result of a man crazed after an argument with his wife, turning amuck Tuesday night. He was Frank Purvin, 28.

Mrs. Sarah Silberman, 60, was stabbed through the heart with a butcher knife and died instantly, as

she stood in her store, and Mrs. Anna Kalkhman, 32, her daughter-in-law, was stabbed and cut about the face. The latter's little daughter, Lillian, next came in the range of the crazed man. Running from the store, Purvin went home and a police chased him he leaped from a second story window, killing himself instantly. The man was unknown to Mrs. Silberman or the Kalkhman, but his wife had entered the store to get away from him. She was put in a place of safety by Mrs. Kalkhman's husband.

Over Two Billion From Income Taxes Figured Upon By U. S. Treasury

By ROBERT S. THORNBURG
International News Service Staff
Correspondent

WASHINGTON, Feb. 7.—Despite the one and a half per cent reduction of the corporation tax, the treasury today estimated that collection of income tax in 1929 would be well over \$2,000,000,000, substantially the same as last year.

Experts said the increased activity of business in 1928, especially among the big corporations, probably will counterbalance the cut in the rate from 13 1/2 to 12 per cent. Corporation taxes represent over half of all income taxes. The collection from individuals will be heavier than last year.

For the first quarter, ending March 31, and taking in the initial collection of the year, about \$600,000,000 will be paid into the treasury. Estimates fix the receipts at substantially the same as last year.

About 2,500,000 individuals and several hundred thousand corporations will file their income tax returns on the profits of 1928, on March 15. The first installment of the tax will be due that date except for those who make fiscal year returns.

Expect No Changes
The March 15 returns, the first test of the 1928 revenue act insofar as it cut the corporation tax, will give government experts definite data in dollars and cents to accurately measure the country's prosperity in 1928. All statistics compiled so far indicate that corporate business and individuals had an unusually prosperous year, recovering rapidly from the depression which occurred in the closing months of 1927.

Enormous profits undoubtedly made from stock speculations also will be disclosed by the tax returns.

While Secretary Mellon does not expect to recommend any changes in the revenue act at the anticipated special session of Congress in the spring, should conditions justify, he may consider something of that character next December.

Feeling that the 1 1/2 per cent cut in the corporation tax may have had an important bearing on corporate business in 1928, officials expressed the belief that a reduction of this tax to 10 per cent would prove highly beneficial and probably would give the government just as great a return as under the old 13 per cent rate.

Also a rescaling of the surtaxes may be considered. There still remain a number of special taxes which eventually will be wiped out. No present probability is seen of a cut in the tobacco taxes, which are increasing rapidly and are proving one of the treasury's best sources of revenue.

RED SQUIRREL "GIVES AWAY" A SECRET

Just a second did that little brown bird stand upright, every feather straight—that was all. Then came that little cry of pain and again the broken wing was dragging upon the ground. But it was too late. Peter had seen that it was every bit as well and strong as the other one. He had caught the bird off its guard.

"So you are fooling me, bird," cried he. "Red Squirrel was telling me the truth! But you might just as well stop your faking. I know now! Your wing is not broken at all. You were so angry at Red Squirrel that you forgot and raised it up and gave yourself away!"

"Who are you, anyhow? And why should you play a trick like that upon me? I am a friend of the forest folk—any bird will tell you that I would not hurt one of your pin feathers."

The bird looked ashamed of itself. "How was I to know that?" he declared. "I spend most of my life here in the woods and I am so shy. Sometimes I wish I was not so scary, but I just can't help being afraid of strangers—and 'Two-Legs' especially. You are tiny and pleasant and all that, but you are a human, just the same, aren't you?"

"Yes," answered the boy, "but—"

"Never mind the buts. Belonging to the race that sets traps for us Partridges and sets dogs upon us and shoots us whenever it can is enough to make me try my best to protect my babies. Oh, dear, what have I said!" The bird flapped its wings in dismay.

"You have given away your secret," chuckled Red Squirrel, appearing suddenly from among the leaves, and with a flying leap landed high upon the tree trunk.

"Now, Mother Grouse, the boy will find your babies."

"Keep still, Red Squirrel, you mean old thing," cried the bird, flapping its wings in dismay. "I will not tell you don't tell him where they are. It is you who are telling my secret."

"No, I'm not. Yes he will, yes he will," chattered Red Squirrel. "They are in plain sight if he peers in the right places. Look like the leaves, so they do, but it will not do them any good. Just like a woman—can't

McCarthy Will Row Is Finally Ended

(International News Service)
GREENWICH, Conn., Feb. 7.—The McCarthy \$7,000,000 will fight is off. It ended Wednesday in a compromise in probate court.

Under the terms of the settlement reached outside of court, Miss Margaret Gowen, 18-year-old daughter of Mrs. Margaret Huntington McCarthy and principal contestant of her mother's will, receives \$1,000,000 over the \$200,000 bequest with which she was cut off.

Western Reserve University, which Mrs. McCarthy also cut off, will receive \$400,000.

All of which means that Dr. James S. McCarthy, youthful husband of the heiress who died 10 days after she received her fortune will give up a good part of the residue of the estate.

But Dr. McCarthy, third husband of the woman whose will started such a bitter fight, will not be in want exactly. There will be a \$3,600,000 estate left for him.

Famous Recipe For Stopping a Severe Cough

You'll be pleasantly surprised when you make up this simple home mixture and try it for a distressing cough or chest cold. It takes but a moment to mix and costs little, but it can be depended upon to give quick and lasting relief.

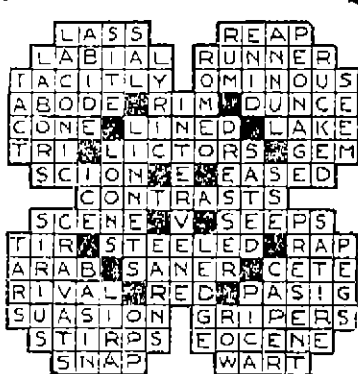

Get 2 1/2 ounces of Pinex from any drugist. Pour this into a pint bottle; then fill it with plain granulated sugar syrup or strained honey. The full pint thus made costs no more than a small bottle of ready-made medicine, yet it is much more effective. It is pure, keeps perfectly and children love its pleasant taste.

This simple remedy has a remarkable three-fold action. It goes right to the seat of trouble, soothes away the inflammation, and loosens the croupy phlegm. At the same time, it is absorbed into the blood, where it acts directly upon the bronchial tubes and thus helps invariably to throw off the whole trouble with surprising ease.

Pinex is a highly concentrated compound of genuine Norway Pine, containing the active agent of creosote, in refined, palatable form, and known as one of the greatest healing agents for severe coughs, chest colds and bronchial troubles.

Captain Steele Of Canadian Mounties Coming To Speak

Will Tell College Students Of Mounted Police Work In Canada

(Special To The News)
NEW WILMINGTON, Pa., Feb. 7.—Captain Harwood Steele, M. C. of the Royal Canadian Mounted Police will give a lecture before the students and faculty of Westminster College Thursday evening, Feb. 14. The sol-

dier-novelist will take as his subject, "The Royal Canadian Mounted Police in the Arctic."

Captain Steele is peculiarly well fitted to speak about the hazardous life of the Dominion's guardians of the law. He has been familiar with the duties and heroic deeds of the protectors of the north country since early childhood. He served in the World War, and as historian for the Canadian Arctic expedition he traveled 8,500 miles in the northern lands visiting police detachments only 11 degrees from the Pole.

Captain Steele is the author of "Spirit of Iron," "Gloved for Action," "The Ninth Circle" and other novels of the police in the northern territories.

This lecture, the last one on the college lecture course for the year, should be an excellent climax to a course which has included among others the Jean Gros' marionettes, E. H. Sothorn and Vachel Lindsay.

Slayer Acquitted In Wilkes-Barre Court

(International News Service)
WILKES-BARRE, Pa., Feb. 7.—John Galletti, of Courtale, was acquitted on a charge of murder, growing out of the slaying of William Jones, Edwarsville salesman, in the Galletti home, by a verdict of a jury in criminal court Wednesday.

Judge E. R. Jones directed the verdict, ruling that the Commonwealth had not made out a case.

Mrs. Galletti recently was convicted of murder in the second degree in the same case and sentenced to ten to twenty years in the Eastern penitentiary. The Commonwealth held that Galletti was equally guilty since he had furnished the gun used in the slaying.

Milhollands Escape Injury As Car Skids And Then Overtakes

Although the large sedan in which they were riding overturned when it skidded on the New Castle-Slippery Rock highway, at a point near the airport on the C. L. McMillen farm, Wednesday afternoon, Mr. and Mrs. C. H. Milholland of Winter avenue, this city, miraculously escaped possible serious injury and their car was damaged but slightly.

The accident occurred about 4 o'clock yesterday afternoon, following a visit of the Milhollands with Dr. and Mrs. C. M. Eisenburg at Slippery Rock.

On returning, Milholland states, the slush on the road began to freeze and driving became hard.

However it was not until they reached that section of the macadam road near the McMillen farm that they realized the surface of the highway was so slippery. When the car came over the grade there heading down towards New Castle, Mr. Milholland says he applied his brakes slowly and the machine began to sway somewhat to the right hand side. From that moment it was but a few seconds until the sedan toppled on its back into the right hand ditch.

According to Mr. Milholland, it all happened so suddenly that it was hard to realize what caused it. Although the icy road, slanting as it is in that place, might have had something to do with the car sliding into the ditch and overturning, Milholland believes that the front end brakes of his car may have been tighter than

those in the rear, causing the automobile to swerve as it did and taking to the ditch.

Immediately after upsetting, Milholland reached to the window glass, winder, and rolled it down and helped his wife out. By that time a driver of a truck which had followed the Milholland car for some distance had brought his machine to a halt and aided in helping the Milhollands out. They were not scratched one bit.

"The back part of the top of the machine was dinged a little, one fender was damaged and the glass in the doors of the car was smashed in the impact," Mr. Milholland declared. "The glass fortunately didn't fly when it broke."

Following the accident a friend of the local residents brought Mrs. Milholland to this city while Mr. Milholland remained until a wrecker arrived and brought the car into New Castle.

Permission Given To Reopen Trespass Suit In Pittsburgh Court

(International News Service) PITTSBURGH, Feb. 7.—Although denied the right to bring a trespass action against M. L. Benedum, J. C. Trees and Eliza H. Grayson, executrix of the estate of H. S. Grayson, for the recovery of approximately \$400,000, H. S. and C. E. Glenn were given permission to petition the reopening of the decree in an equity suit brought more than 12 years ago, an opinion handed down by Common Pleas Judge Frank P. Patterson, reveals here today.

The Glenns had sought to recover the amount through a trespass action. The suit grew out of the sale of Louisiana oil property to the Standard Oil Company for \$6,000,000, whereas the Glenns claim Trees, Grayson and Benedum reported to them the price was \$4,150,000.

Judge Patterson in his opinion held that newly discovered evidence by the Glenns warrants the reopening of the

President Gil Grants Respite To Leon Toral

Slayer Of General Obregon Granted Respite By President Gil; To Review Case

(International News Service) MEXICO CITY, Feb. 7.—After he had made all preparations to die before a firing squad at daybreak, Jose De Leon Toral, young self-confessed assassin of President-elect Alvaro Obregon, received a new lease on life today.

By order of President Emilio Portes Gil the death sentence upon Toral will not be carried out until the national executive can consider the application that the sentence be commuted to life imprisonment.

President Portes Gil, who is now in Ciudad Victoria, state of Tamaulipas, is expected to telegraph his decision to Mexico City.

After the supreme court had dismissed the appeal of Toral's lawyer, based upon the contention that the jury which found Toral guilty had been intimidated, the lawyer telegraphed to President Portes Gil last night requesting executive clemency. That was the last hope for the self-confessed slayer. If the president fails to intercede in Toral's behalf he must die.

Contest Of Old Fiddlers Proves Most Interesting

Auditorium Of Slippery Rock Is Crowded When Event Is Staged

SLIPPERY ROCK, Pa., Feb. 7.—What is believed to have been the largest crowd that ever jammed the auditorium at the Slippery Rock State Teachers' college attended the old fiddlers' contest in Slippery Rock at which first honors were won by Harry McCracken of Jacksonville in class A for contestants under 60 years of age and the honors divided between Abel Browning of Portland, Me., and C. W. Hoovey of Jacksonville in class B, for contestants over 60.

The auditorium seats 1,500 persons, every seat was occupied and it was estimated that 500 persons stood during the evening's program. Prior to the contest, which was staged under auspices of the Boosters' club of the Slippery Rock Chamber of Commerce, the old fiddlers were guests of the Boosters club at a dinner.

Other features of the program, which was introduced with a harmonica contest, were: Vocal solo by Carl Catalo, Pittsburgh; vocal solo by Miss Ruth Thompson, Slippery Rock; whistling solo by Miss Helen Dieck, Butler; music by the Happy Bunch of Sharon, a band made up of violin, banjo and other string instruments, made by Slippery Rock Brass band and music by Bally Brothers of Pittsburgh.

Mr. McCracken, winner of class A, was awarded a prize of \$10 in gold as were also Browning and Hoovey, who divided honors in class B. Judges were H. R. Reed of Slippery Rock and E. F. Breckner of New Castle, who carried off second honors in a national fiddlers' contest recently.

Bring Out Fraud In Brown Trial

Special Accountant On Witness Stand Delivers Damaging Blow To Defendant

(International News Service) PITTSBURGH, Feb. 7.—The first direct charges of fraudulent conversion of the funds of the Forestry City National Bank by Guy W. Brown, former vice president of the institution, were aired in the banker's embezzlement trial in federal court here today.

T. A. Donaldson, special accountant of the United States department of justice charged from the witness stand that a \$12,000 note signed by D. M. Feichtner had been paid by the bank and that the money was credited to Brown's account on December 31, 1928.

The bank records showed no payment of this note and no removal, Donaldson testified.

Therefore, he said, the bank, now defunct, lost \$12,000 in the transaction.

Assistant United States Attorney James I. Marsh sided upon this testimony to reiterate that additional charges of direct conversion of funds was to follow. It was expected that Donaldson, the prosecution's star witness to date, would occupy the stand the entire day.

Insists His New Discovery Opens Up Catarrh Stuffed Nostrils In Three Minutes

Advices All Catarrh Victims To Throw Away Stomach Medicines. End Loathsome Catarrh With Opex and Get Rid of Disgusting Mucus

Ask McKee's Kut Rate Store

Catarrh, one of the most loathsome of diseases, is caused by germs—wicked, vicious, persistent pests that multiply rapidly and by digging into and devouring the tender membrane cause soreness, swelling, inflammation and mucus discharges.

30 Days Free Trial

A few years ago, Catarrh was considered incurable, because no one was clever enough to get together a formula that would spread over the membranes of the nasal tract a purifying substance in which catarrh germs could not exist.

But Opex changed all that and now all you have to do to get rid of catarrh is to spray on Opex and send the germs to eternity.

Just note the picture showing how

Keep your nostrils as clean as your teeth.

Get Opex At McKee's Kut Rate Store

Opex puts catarrh out of business. See the steam-like smoke going in one nostril and out of the other.

When you use Opex you see the healing, purifying vapor as fine as smoke coming thru the nostrils—and it will come thru no matter how stuffed up they are.

That's the way to end catarrh and to lessen those annoying, ringing, buzzing noises in the ears. Many people say it is the only way.

The price of a bottle of Opex that will last two months is \$1.00—it is easily worth one hundred dollars to any man or woman who wants clean healthy nostrils free from disgusting mucus.

Opex will end the most stubborn case of catarrh in a few days, because it soothes and heals the sore, inflamed membranes, reduces the swelling and purifies the entire nasal tract.

And remember this—the toughest old head colds are knocked out in a few hours with Opex—it's the magic treatment of science, for with this new discovery you can reach the entire respiratory tract—right down to the bottom of the lungs.

Opex is sold by McKee's Kut Rate store, with the distinct understanding that if you are not satisfied at the end of 30 days your money will be gladly returned. Opex is delightful to use because of its wholesome fragrance. Inhale as you spray if you want to reach the bottom of the lungs—you can also spray that sore throat with purifying Opex.

Aero Club Men Hear Grevemburg

Coast-To-Coast Racer Tells
Of Last Summer's
Flight

Dinner meeting of the New Castle Aero Club held last night at the Fountain Inn was well attended and provided most interesting in view of the address of M. E. Grevemburg, of Pittsburgh, about his part in last year's trans-continental air race from New York to Los Angeles.

A short business session was held following a very fine dinner, over which T. J. Evans, the president, presided.

The address of Mr. Grevemburg was most interesting. He stated among other things that he believed that the most important result was to prove conclusively the safety of the airplane as a means of transportation, as there was not one fatality as a result of the race in which many participated. He said this was all the more true because of the fact that in racing the care that is taken in ordinary flying is not so apparent.

He was one of thirty-seven, starting from New York on September 5, last, and one of the seventeen that completed the race, although he was not in the prize money because of engine and other trouble, which caused him to lose so much time enroute as to put him out of the money. He said that had his been a new plane instead of one that had been manu-

factured in World War times, that he could have done much better. On his trip home with a young married couple as passengers, he was compelled to make a sudden and unexpected descent into the sand dunes near Findley, Texas, and his story of the trouble they had getting the plane out of the desert was humorous and very interesting at the same time.

The club adjourned to meet next Monday at the club house at Jackson Field on the Wilmington road. Those present last night were James McKelvey, Warren A. Lindsey, Ralph McAdams, G. H. Brinson, J. S. Grotzfeld, R. E. Miller, Roy J. Caldwell, Henry Tockenberg, C. D. Minick, T. J. Evans, M. E. Grevemburg, R. R. Kegarsie, B. L. Hall, E. L. Schuab, William Milson, H. C. Sherman, H. K. Bell and Paul McGregor.

Electrical Men Get Safety Trophy For First Month

Down in the steel mill the men in the Electrical Department are gloating somewhat over the fact that they won the first month's safety record for the plant and as a result will have the department name inscribed on the first of the 12 bars of the plant safety trophy for 1929.

During January the Electrical Department under the supervision of Captain Ray Davenport did not have a single lost time accident and with the first month tucked away they are now planning to repeat the success in February. The department winning the most months in the year will be awarded the trophy.

Athletic Club Monthly Dinner On Wednesday

Girls Have Plunge At George
Washington Pool After
Meeting

Twenty-seven were present at the monthly dinner of the Athletic club of the Y. W. Wednesday evening. The dinner was at 6 o'clock in the third floor dining room. A delicious menu was enjoyed.

Following the dinner there was a business meeting. Miss Mildred Weisbaker, president of the club, presided. Reports were heard from the chairman of club committees, Mrs. Catherine Sheaff, chairman of the social committee, and Miss Lillian Ekblom, chairman of the sports committee.

The club is planning to give two playlets on the evening of February 20 in the auditorium of the Y. W. Mrs. Edith Lockhart Cooper is coaching the girls in dramatics. The girls had a short rehearsal Wednesday evening and there will be another rehearsal tonight. Proceeds received from the play will be used for re-decorating the walls of the Y. W. gymnasium and constructing a tennis court. Each girl in the club is responsible for ten tickets.

After the dinner and business meeting the girls had a plunge in the George Washington Junior high pool.

Emmanuel Baptist Holds Business Meeting Wednesday

Members Of Congregation Are
Nearly Ready To Select
New Pastor

At the business meeting of the members of the Emmanuel Baptist church held last evening following the prayer meeting service, it was indicated that the members of the church are about ready to make a selection of a new pastor to take the place of Rev. Emrys Thomas, who resigned some time ago and went to Wales.

A motion to permit discussion regarding the selection of a new pastor, was finally tabled, it being thought best to hear several more promising candidates for the pastorate before considering seriously the selection of a successor to Rev. Thomas.

The next candidate to be heard there will be Rev. S. T. Harper of Detroit, Mich., who will be at the local church a week next Sunday. He is coming highly recommended as a preacher and as a minister and many are anxiously awaiting an opportunity to hear him.

Officers of the congregation at the present time are: W. A. John, Brynthon, chairman; Mrs. W. T. Vogan, financial secretary; Mrs. Brimley Hughes, general secretary; John Evans, clerk of the congregation and T. L. Jones, treasurer.

Business Increase On B. & O. Brings Some Firemen Back

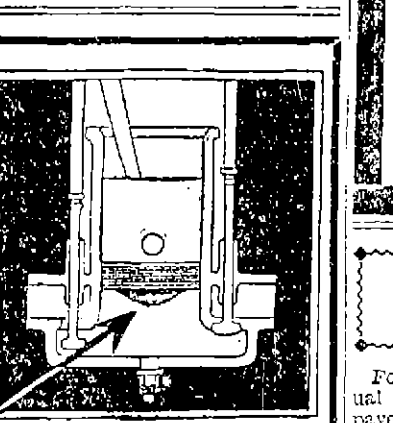

Announcement was made today by the officials of the Baltimore and Ohio railroad that six firemen had been returned to work at New Castle Junction and that five engineers who had been firing are back on the right side of the cab.

The reason for the return of the firemen is an increase in business and it is anticipated that more will be returned later.

Robbery Reported At Eveready Inn

It was reported to the police early this morning that there had been a robbery after last midnight at the Eveready Inn, 102-104 North Mercer street.

Detective C. G. Logan and Officer Longstreth investigated the robbery and found that the robbery had been discovered at six o'clock this morning. Entrance was made by forcing a rear door, and a basket containing four dozen eggs, one bottle grape juice, one bottle ginger ale, a loaf of bread, some candy and a man's sweater, red in color, stolen.

New Annexation Bill Is Presented

Third-Class City Measure Is Introduced Into State Senate

MEASURE WOULD AFFECT NEW CASTLE

HARRISBURG, Feb. 7.—A bill backed by the League of Third Class Cities to make annexation of contiguous property by such cities more simple was introduced in the state senate yesterday by Senator George F. Weingartner of Lawrence. The bill provides that annexation would be accomplished by ordinance of council of a third class city.

In case of annexation by a city of a portion of a borough contiguous to the city, whether wholly or partially within the same or adjoining counties, it would be necessary to obtain a petition from three-fifths of the taxable of the borough before the annexation ordinance could be passed. In the case of a township or part of township it would be necessary to obtain the signatures of three-fifths of the taxable of the township, if there are no inhabitants in the area affected, three-fifths of the property owners.

At present time it is necessary in order to annex a portion or whole of a borough or township for a majority of voters in both the city desiring to make annexation and the borough or township affected to give their approval in a referendum. The Weingartner measure would apply specifically to proposed annexation in the vicinity of New Castle.

Will Seek Interview With President Coolidge In Pension Matters

NO MATTER WHAT YOU PAY

To Be Thrifty Is To Be Wise

The subjects covered in these daily messages will bring to you more clearly and thoroughly the things you should expect in the car you buy — which are the things you get in the New Chevrolet.

Watch This Space Daily

There Are 10 Things You Should Be Sure To Get In The Car You Buy!

- 1 You want the car you drive to be as good looking as any car on the road.
- 2 To run smoothly and quietly—no matter at what speed you are traveling.
- 3 You Want the Car You Drive to Climb Any Reasonable Hill in High.

Now Let's See What Chevrolet Offers Along This Line

Power in abundance for hill climbing is assured by the advanced design of the new Chevrolet 6-cylinder valve-in-head engine. Years of research and testing have made possible an improved combustion chamber resulting in greatly increased power. High compression is used successfully with ordinary fuel.

Other engine features that make Chevrolet so powerful on the hills are Hot-spot manifold and newly designed camshaft.

Four years of testing and proving are back of Chevrolet's six-cylinder, valve-in-head engine. Every performance feature was tested and proved before this new six-cylinder engine was offered in Chevrolet cars.

Economy, speed, hill climbing ability, acceleration, long life, and freedom from repair come to you in this product.

What Will you do

When your Children Cry for It

There is a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhea checked. A vegetable product; a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for everyday ailments. Any hour of the day or night that Baby becomes fretful, or restless, Castoria was never more popular with mothers than it is today. Every druggist has it.

Make no mistake—many thousands who have turned to this tried and true ointment as a last resort have ended all the terrible misery so quickly that they blessed the day they bought the first box.

Because it acts so quickly millions of homes consider Peterson's Ointment a necessity. It is so wonderful for skin eruptions, pimples, acne and salt rheum, for instance, that many times only two or three applications are needed to make the skin clear and healthy. Its mighty healing power is clearly shown when used as a household remedy for burns, scalds, abrasions, chafes, insect bites, windburn and chafes. Druggists will tell you it is unsurpassed. Generous box 25 cents.

Bishop Ward At St. Andrew's Church

Will Be The Celebrant At The Service Of Holy Communion Sunday Morning

The Right Reverend John Chamberlain Ward, D. D., bishop of the diocese of Erie, in his visitation to New Castle, will be the celebrant at the service of Holy Communion, in Saint Andrew's Episcopal church, East Long avenue at Belmont street, on Sunday morning at eight o'clock. It is earnestly hoped that all members of this church and all Episcopalians in the neighborhood will be present at this service. Visitors will be welcome.

Upon the invitation of the Rev. Philip C. Pearson, rector of Trinity

church, the congregation of Saint Andrew's will attend the service of Confirmation in the evening at 7:30 at Trinity church, 202 North Mill street. Bishop Ward will be the preacher. There will be no evening service at Saint Andrew's on February 10th.

JURIST DEPLORES LIMIT OF LAW IN SENTENCING MAN

SCRANTON, Feb. 7.—Deploping he could not send the defendant to the electric chair, Judge George W. Maxey in the Lackawanna county criminal court sentenced John Respiro, 28, of Jessup, to serve 12 1-2 to 25 years in the Eastern penitentiary for atrocious assault upon a Mid Valley young woman on Thanksgiving night.

Respiro entered a plea of guilty. The court brought up an old automobile stealing charge against him, increasing the punishment.

Change Announced Affects Mailing To Czecho Slovakia

Effective February 15 will be an increase in the weight limit applicable to ordinary and registered parcel post packages exchanged between the United States and Czechoslovakia from 22 to 44 pounds, subject to the following transit charges which are in addition to the postage rate of 14 cents a pound or fraction thereof, and registry fee in the case of registered parcels: From 23 to 32 pounds, \$1.10; from 34 to 44 pounds, \$1.47.

Both postage rates and transit charge must be prepaid by postage stamps affixed to the parcels at the time of mailing.

GARDNER

Mrs. L. A. Robison of Gardner went to the home of her husband's parents, Mr. and Mrs. T. J. Robison of Portersville, for a few days as Mrs. Robison, Sr., fell and injured her ankle very seriously and is now suffering greatly.

Mr. and Mrs. Walter Cross of Gardner entertained the latter's mother, Mrs. Presley of Wampum, last Friday, and the following guests last Sunday: Anthony Presky of Midland and John of Wampum and Mr. and Mrs. Stark and three children of New Castle.

Rev. W. H. Armstrong, pastor of the Wesleyan Methodist church in New Castle, preached last Sunday at Gardner chapel. Next Sunday, Rev. S. B. Copeland, pastor of the Third U. P. church in New Castle, will be the minister at 2:30 p. m.

Internal Revenue Collectors Assigned

A. L. McBride and E. O. Hawk
Are Named Deputies For
New Castle

A. L. McBride and E. O. Hawk, of-
fices in the Lawrence Savings and
Trust company's building have been
assigned deputy collectors of the in-
ternal revenue service. United States
treasury department announces D. B.
Heimer of Pittsburgh the collector
for the district.

Mr. Hawk's term of service here
will extend from February 15 to

March 15 while that of Mr. McBride
will extend from March 2 to March
8 and from March 9 to March 15.

MERCER NEWS

MERCER, Pa., Feb. 7.—The first
man in the county charged with un-
lawful possession of utensils to make
liquor will be heard sometime during
the January sessions of criminal court.
Frank Marino of Farrell, is the first
man in the county to be charged with
this crime. His case will be carried
to superior court of the state, re-
sardless of the action of the lower
courts, if he is convicted, his attor-
ney, L. R. Rickard, states.

Completion of all legal details at

tendant to the sale of a \$50,000 bond
issue by the Mercer school district
is reported today by Attorney J. W.
Nelson who says that the payment of
the money may be expected any day
by Holmes and company of Pitts-
burgh, the purchasers of the issue.
Just as soon as the money is here
the final legal formalities with Con-
tractor W. G. Smith of Grove City
will be attended to and construction
of Mercer's new school building will
be started.

Why 14 gaming cocks, taken at a
fight on December 14, should not be
sold is what Attorney J. E. Nelson
attempts to prove in an answer filed
Tuesday at the Mercer county court
house. The cocks were taken at Lees-
burg.

The attorney holds that the court
has no authority to order the sale
of the cocks by J. W. Hausman of
Sharon, agent of the humane society,
and give the proceeds to the society.
The cocks are valued at \$2,000. One
of their number is of royal lineage
and is reputed to be worth \$500.

Y. M. BASKETBALL TEAM TO COMPETE

A basketball team composed of boys
15 years of age will compete for sec-
tional honors at the first of the inter-
Y. M. C. A. district sports meet which
will take place at Sewickley this
coming Saturday.

Seven neighboring city organiza-
tions will also have teams who will
participate in the affair.

GROVE CITY

GROVE CITY, Feb. 7.—A benefit
concert to be given by the Carr Sis-
ters of Batavia, N. Y. under the
auspices of the student Y. M. C. A. of
Grove City college in the Carnegie
auditorium on Thursday, February
14 at 8 o'clock will be one of the
outstanding features of the season.

The college associations of West-
ern Pennsylvania finding the need
for additional funds to finance their
work, accepted an offer from the
Carr Sisters to render a series of

concerts the week of February 10 in
the interest of student work. A sched-
ule has been arranged which pro-
vides for afternoon and evening ap-
pearances in the various cities.

Mr. and Mrs. R. C. McClymonds
left Monday morning for an ex-
tended trip to the Pacific coast. They
will go by way of New Orleans and
from there take the southern route
across. Mr. McClymonds for several
years has been identified with the
Grove City Printing Co. and a few
weeks ago sold out his interest to E.
S. Hassler Jr., of this city.

If the climate and living conditions
of Southern California are agreeable
to Mr. and Mrs. McClymonds it is

possible that they will make their
future home there.

Mr. and Mrs. Gordon Hill enter-
tained at a 6 o'clock dinner at their
home on Garden avenue Tuesday eve-
ning. At the close of the dinner the
guests played 500.

Miss Anna Mary Fleck entertained
a number of small friends at a
birthday party in her home on West
Main street.

The Senior Journalism class of the
local high school held a farewell party
for their instructor Prof. E. S. Has-
sler Monday evening in room one of
the high school. Mr. Hassler has re-
signed his position as teacher to take
up work in the Grove City Printing
company. A lunch was served by the
girls of the class.

Motorist Damages Safety Zone Standard

Merle Anderson, 722 Monroe street,
reported to the police Wednesday eve-
ning that he was driving north on
North Mill street at Sycamore Way
and the North Mill street safety zone.
Snow was falling and was so thickly
coated on the windshield that he could
not see through it properly and was
also dimming his headlights and was
a result his machine hit and knocked
down the safety zone standards. One
of them was broken and he left suf-
ficient money with the police depart-
ment to pay for damage done.

Lost Sleep on Account of Eczema. Healed by Cuticura.

"Eczema started with a few small pimples on my elbows. The pim-
ples burned and broke and water came from the eruptions. It spread
from my elbows to my wrists, and I lost quite a bit of sleep on account
of it. I could not stand any clothing against my arms and nearly went
wild with the pain of it.
"I had it about a year before I began using Cuticura Soap and Oint-

Coming Here As Guest Of Legion

State Commander Gebert,
With McNutt, Will Speak
At Banquet

STATE CHIEF IS
KNOWN LOCALLY

CHAS. A. GEBERT

Charles A. Gebert, a resident of Tanawaka, and commander of the Pennsylvania American Legion, will also be a guest of honor of the local Perry S. Gaston post at its annual national commander's banquet on the night of February 12. Gebert will be one of the speakers.

For some time Mr. Gebert was active in American Legion work but it was not until last year, at the last state Legion Convention in Uniontown, that he was called to serve the organization in such a distinguished capacity.

He needs no introduction to legionnaires here for his wide acquaintance extends over this section of the state, owing to the fact that at various times his business and Legion contacts have for a while at least attracted his attention here.

Commanders McNutt and Gebert will come to this city by auto from Erie, at which place they will be honored at a meeting prior to their visit here. Arrangements have been made for a special car to go to that city along with a host of others which will serve as an official escort for the notables on their motor journey here.

Mrs. "Hoot" Gibson Granted Divorce

International News Service
HOLLYWOOD, Cal., Feb. 7.—Richard by \$30,000, several parcels of valuable real estate and an expensive automobile, Mrs. Helen Gibson Wednesday was granted a divorce from "Hoot" Gibson of motion picture cowboy fame, "Hoot" galloped out of her life, and failed to return. She told Superior Judge Sproul, who granted her a divorce.

Mrs. Gibson was formerly known on the screen as Helen Johnson.

RUPTURE IS NOT A TEAR

NO BREAK TO HEAL

Some people have a mistaken idea that rupture is a tear. Rupture is not a tear, but purely a muscular weakness in the abdominal wall. Trusses merely brace these muscles, but do not strengthen them—on the contrary the gouging of the ordinary truss pad often increases this weakness, because it tends to shut off blood circulation.

STUART'S ADHESIVE PLAPAO-PADS are entirely different—being mechanico-chemical applicators—made self-adhesive purposely to keep the muscle-tonic, called "Plapao" continuously applied to the affected parts, and to minimize danger of slipping and painful friction. No straps, buckles or springs attached. Soft as velvet—easy to apply—inexpensive.

Awarded Gold Medal, Rome, Grand Prix, Paris, Honorable Mention, Panama Pacific Exposition, San Francisco, etc. For almost a quarter century satisfied thousands report success—without delay from work. Stacks of sworn testimonials received even from the far corners of the Earth. Process of recovery is natural, so no subsequent use for trusses.

It costs you nothing to examine and have demonstrated to you privately this scientific self-treatment, which so many others attest under oath freed them from the truss and saved them from the knife.

Alimony Greatest Curse In U. S., Judge Declares

CHICAGO, Feb. 7.—Alimony was described by Judge William N. Gemmill in superior court Wednesday as "the greatest curse in America."

Judge Gemmill's remark was occasioned by the request of Mrs. Mamie Stebbins for temporary alimony from Charles Stebbins, taxi cab company superintendent, who is suing her for divorce on charges of drunkenness.

"Alimony," Judge Gemmill declared, "merely acts as an incentive to divorce. The women feel that all they have to do is come into court and ask to give them money and they can make the man pay for the rest of his life."

"If it were not for alimony there would not be nearly as many divorces in the country, for women

would not be so ready to sue for divorce on meaningless grounds or no grounds at all, if they knew that they would not get a large alimony judgment."

"A man marries expecting a home, companionship and affection. He works hard to provide a home for his wife and when he loses this he should get some compensation for that loss rather than be expected to pay the rest of his life for it. Where there are no children and husband and wife cannot agree, Judge Gemmill continued, they should stand before the court as equals and the woman should not receive alimony from her husband if she owes no obligations to him. Judge Gemmill ended his lecture by granting the woman \$5 a week, which he described as "a purely nominal sum."

Hearing Is Held In Case Against House Of Savoy

Hearing is being held today before Judge Hildebrand in county court in the case of Pietro Santangelo, who is complaining because he was ousted from the House of Savoy. He claimed in his testimony that he had been a member of the organization for 16 years, and that on March 30, 1927, when he went to pay his dues his money was refused, and he was told that he had been dropped from the rolls.

He claimed that he knew no reason for the action, alleging that his dues had been paid, although he did not have some of the receipts with him. Officers of the organization claim that Santangelo was dropped because his dues were in arrears. Santangelo is asking to be re-instated.

Civic Theater Guild Selects First Play

Will Be Presented To Garden Club For Its Final Approval

At a meeting of the Civic Theater Guild held last evening at the home of Miss Betty Glover, East Falls street, the first play to be presented by the organization was selected.

The play selected is "Dulcy" a modern light comedy, which has been presented by the National Theatre Association and was also presented successfully last year in New York City. It requires a cast of ten persons.

While it was selected by the Guild for presentation here in the near future under the auspices of The Garden Club for the purpose of raising funds for that organization's proposal to plant trees along the New Wilmington Highway, its use for that purpose will be determined definitely by the Garden Club, which will be given a private reading of the play in the near future. The secretary, Miss June Logan, was directed to get the books necessary for the training of the cast.

Franklyn Blanning was voted in as a new member at the meeting of the guild held last night.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

All roads lead to Wampum today. The little village with the Indian name is playing host to the county perhaps by the time this is read the statement should be in the past tense and say that Wampum played host. Tomorrow's paper will tell you of the oratory of the speakers who lauded the new spans to the skies, but the big item seems to be the dinner. When Wampum folks set out to fix a dinner customers they do that thing with gusto and aplomb.

That viaduct will save many a fellow's life. Back in the old days a motorist started from Ellwood to Wampum in life insurance policy laid out on the bureau. Usually he kissed the family goodbye and with tears streaming down his mustache bade them to carry on in case a freight train hit him on the way over.

As he approached that death trap of a crossing just outside of Chewton he took one last fond look at the scenery, threw his car in second, put his foot on the brake pedal and whistling "Beautiful Land of Somewhere" started to cross. Lots of them never got across.

It is all changed now. The new viaduct removes the dangers of the crossings and a motorist can start from Ellwood to Wampum or from Wampum to Ellwood feeling reasonably sure that he will make it barring a tornado or a flat tire.

All of which brings to mind that one of the tires on the crock this morning was flat, much so. If you can think of a nicer morning to get a flat tire than this one, your mind borders on the morbid.

You may have wondered at times how it could feel to be 100 years of age. The first citizen of Princeton Mrs. Lucy Morrison has had the experience of celebrating her 100th birthday and on Friday will celebrate her 101st.

Unless you have seen for yourself you can hardly believe that a woman of this age could be so spry. To tell you that she does her own cooking, sewing and housework, probably brings a suspicious smile to your face, but it is true. Not only that but she moves about her kitchen with the agility of a woman many decades her junior.

It must be the air out around Princeton. Whatever it is this old lady is a wonder.

CONSISTORY LEGION WILL MEET FRIDAY

Friday evening at eight o'clock the Consistory Legion of Honor will have their semi-monthly meeting at their headquarters in The Cathedral, states Captain Melvin H. Craig, commander of the Consistory Legion.

An important business will be discussed, every member is urged to be in attendance.

Puts An End To Bunion Pains

No Need to Suffer Another Day

There is one simple yet inexpensive way to reduce inflammation of swollen toe joints and help get them down to normal and that is to apply Moore's Emerald Oil night and morning.

Ask New Castle Drug Co., Eckerd's of New Castle, Inc. or any first class druggist for an original two-ounce bottle of Moore's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces lasts a long time and furthermore if one bottle of Emerald Oil does not give you complete satisfaction you can have your money refunded. Special note: People who want to reduce swollen or varicose veins should get a bottle of Moore's Emerald Oil at once. Apply morning and evening and they will quickly notice an improvement which will continue until the veins and bunches are reduced to normal.

Will Have Uniform Size And Location For All Stop Signs Here

Following a lapse in meetings for the past month, the New Castle traffic commission, composed of city of-

cial and civic club representatives, met Wednesday evening at 7:30 o'clock in the office of Mayor W. H. Gillespie in the city building. The discussion of the meeting pertained to stop signs which will be the standard for the city to use in the future. However, the members could not agree on the type of sign to be used. Following a lengthy discussion on the part of the both bodies, it was decided to have two different types of signs made. The first will be an 18-inch sign while the other will be a 24-inch. The better of the two will be tried and chosen. These signs are as recommended by the national highway conference and every stop sign in the city will then be uniform as to size and position. James B. Foster, chairman of the unofficial body, presided at the meeting.

Continue Case
Against Brown

Government Building Up
Case Against Former
State Senator

EMBEZZLING OF
\$137,000 CHARGED

PITTSBURGH, Feb. 7.—Moving through a maze of documentary evidence, the government today continued its efforts to build up a strong case against Guy W. Brown, former Fayette county state senator on trial in federal court on charges of embezzling \$137,000 from two Fayette county banks.

Indications at the opening of the third day of the trial were that the case will consume two weeks. The highlight of the sessions to date has been the testimony of T. A. Donaldson, special accountant of the Bureau of Investigation, U. S. Department of Justice. Donaldson testified that Brown's accounts had been short several thousand dollars for as high as four days while his checks were carried on the books as cash until he met them with notes.

Assistant U. S. Attorney James L. Marsh created a sensation near the end of yesterday's session when he charged that Brown set up a fictitious coal company to cover up his manipulations in the Fayette City National bank. The prosecution contends that Brown's manipulations caused the failure of the Fayette City bank and also the First National bank of Webster in both of which Brown and his brother were vice presidents.

Although practically all of the transactions in which Brown figures, according to testimony offered by Donaldson, were irregular so far as national banking proceedings go, the government has not yet shown actual fraud, attorneys state. The testimony so far has been dry and devoid of interest to the spectators in the crowded court room. Donaldson's testimony has been practically one repetition of figures after figures.

Donaldson told of two specific cases when the Fayette City National bank earned on its books as cash items, checks against Brown's account, for which there was insufficient funds to meet. He stated that on January 12, 1926 Brown's account was short \$4,378.97, and again on September 23, 1926 Brown's account was short \$4,000.00. In each case, however, the records show that Brown made deposits after a few days, which brought his balance high enough to meet the charges.

Trade acceptances also figured in the alleged juggling of figures. Donaldson's testimony relating to several of the transactions over trade acceptances was striking from the record because Judge R. M. Gibson held the evidence did not show Brown received the proceeds from them.

SEVENTH WARD NEWS

Lodge Anniversary To Be Celebrated With Social Event

G. I. A. Lodge To Celebrate Anniversary; Other News Of Seventh Ward

Members of the Grand International Auxiliary No. 453, to Brotherhood of Locomotive Engineers are planning a social event in celebration of the anniversary of the organizing of their lodge.

The lodge is celebrating their twentieth anniversary. On Saturday evening, February 16, they are having some social event in celebration in the City building hall.

Wednesday evening the charter members of the G. I. A. lodge had a meeting at the home of Mrs. R. J. Swanton of Norwood avenue. The

charter members are in charge of the program and entertainment for this party. The program was planned during the meeting.

There are two committees in charge of the arrangements for the event. The charter members forming one committee in charge of the entertainment and the other members of the lodge not charter members forming the other committee.

Definite plans are not yet complete for the event. Whether there will be a dinner or evening party has not been definitely decided. Husbands of the lodge members will be guests at the party.

RECOVERING

Mrs. Schall, a guest at the home of Harry Wilkins of Sixth street who has been ill the past couple weeks is reported to be improving.

TRAINING CLASS

The Teachers Training class of the Mahoning Presbyterian church taught by Rev. D. C. Schnebly had a review of the first ten chapters at their class meeting Wednesday evening after the prayer service. Next Wednesday evening the class is to have their first examination.

CARS CROWDED

Street cars on the Mahoningtown line are more than crowded these days for some reason. Of course with the cars so crowded it takes longer to make the trip.

This morning for instance it took one-half hour all but two minutes to make the trip. The car wasn't held up at any of the railroad crossings either. This is just twice as long as it should take.

At one time there was a limit to the number of passengers on the one-man operated street cars. But this seems to be of the past and does not effect the present. When there was a limit to the number of passengers carried it was less than fifty persons, then the car was full. This morning there seemed to be at least seventy persons on the car, well it was full to say the least. This was not just once but an every day occurrence, but they were more crowded this morning.

ON SICK LIST

S. A. Barnes of North Cedar street has been ill at his home the past several days but is convalescing.

REHEARSAL FRIDAY

Wednesday evening the cast of the play, "Safety First," had a rehearsal in the church auditorium. On Friday evening there will be another practice. The cast for this play started rehearsals this week. The play is to be given in two weeks on February 21 and 22.

BUSINESS MEETING

Officers and teachers of the Bible school of the Madison Avenue Christian church had their monthly business meeting Wednesday evening in the church. During the meeting affairs of the Bible school were discussed.

CLUB DAY

Wednesday was club day at Mahoning school. Various educational clubs of the school had meetings. The first semester of the school term there were five educational clubs in the school, namely Travel club, Nature Study club, Art Club, Booster club, Newspaper club.

BOY SCOUTS

The Kiwanis Boy Scout troop number 4 will have their meeting Friday evening at 7 o'clock in the Mahoning school.

RETURN HOME

Mr. and Mrs. W. O. Morris and daughters Audrey and Eula Lee of West Cherry street returned home Tuesday evening after spending two weeks with relatives at Bellevue, W. Va.

CALL BACK FIREMEN

Thirteen furloughed firemen of the Baltimore and Ohio railroad company have been called back to work.

ORCHESTRA PRACTICE

Orchestra practice will be held this evening at 7 o'clock in the Mahoning M. E. church. Following orchestra practice there will be choir practice at 8 o'clock.

COTTAGE PRAYER MEETING

The second of the Cottage Prayer services in the ward this week is being held this evening at the home of Mr. and Mrs. Joseph Gilmore of North Cedar street.

AIKEN AUXILIARY

The Aiken Auxiliary of Baltimore and Ohio Veterans will have a meet-

ing Friday evening at 7 o'clock in the K. of P. hall on East Cherry street. This lodge holds their meetings in Youngstown, O., but this time the lodge is meeting here.

LYCEUM CLUB PARTY

Plans are complete for the card party and reception being given this evening by the Lyceum club of St. Margaret's church. The diversions for the evening will be five hundred, euchre, bridge, bingo, dancing.

FRED RENTZ N. B.

CLUB MEETS TONIGHT
The new members of the Fred Rentz N. B. club will meet this evening at the Y. M. C. A. for their regular weekly session. The club will start their team of basketballs to working.

Fraternity Resumes General Discussions

Phalanx Talks Over Coming Conference At Tarentum; Will Be Represented

Members of the New Castle Y. M. C. A. Phalanx fraternity met for their regular weekly dinner and program at the Y. M. C. A. on Wednesday night. More than 15 members, including several just recently voted into the membership of the organization were in attendance.

Jack Boyles, primus, presided over

the meeting which followed the dinner. Following the dispensation of routine business matters a general club discussion on "What Things Can Young People Do Better Together?" ensued. The forum continued for nearly 45 minutes, and considerable benefit to all concerned resulted. The discussion was not closed last night and it is the intention to continue it at a later meeting.

General Secretary Robert L. Meermans of the local Y. M. association reported his trip to a pre-conference meeting of Phalanx workers in Pittsburgh just recently. Alfred Owens accompanied Meermans, representing the fraternity here. At that round-table in Pittsburgh plans for the Phalanx conference in Tarentum early in March were drafted and preliminary arrangements made. Indications

AUTO DEALERS WILL MEET ON FRIDAY

The entire membership of the New Castle Automobile Dealers association will meet Friday at noon in the Elks club on North Mill street, states Ray P. Hall, secretary of the association.

Business matters concerning the annual automobile show will be handled.

We suppose that each of the new cruisers will carry a copy of the Kellogg Peace Pact in its cargo.—The Savannah Press.

MARTHA WILL NEVER GET THIS SHIRT CLEAN AGAIN. IT'S JUST COVERED WITH GREASE AND MUD.

LOOK HOW TERRIBLY SOILED MY HUSBAND GETS HIS CLOTHES PUTTERING AROUND THE CAR.

SOAK THEM IN RINSO AND THEY'LL COME OUT WHITE AS SNOW WITHOUT SCRUBBING OR EVEN BOILING.

LATER

MARTHA, YOU SHOULDN'T WORK SO HARD. SCRUBBING MY GREASY CLOTHES.

I DIDN'T SCRUB AT ALL! I FOUND A NEW SOAP THAT SOAKS CLOTHES WHITER WITHOUT SCRUBBING—IT'S RINSO.

AND

(Thousands write us letters like this)

"It's so economical" says Mrs. F. Gould, 421 Elizabeth St.

"My lands! How white Rinso washes clothes. I never saw anything like it. I just soak the wash in Rinso suds and everything comes out bright and snowy. So easy on me—and easy on the clothes, too. They don't need to be scrubbed thin and boiled. Another thing about Rinso: it's economical. A little makes a lot of thick, creamy suds that last till the wash is done."

MRS. F. GOULD, 421 Elizabeth St., New Castle, Pa.

Makers of 36 washers endorse Rinso

A compact, granulated soap—cupful for cupful, Rinso gives twice as much suds, does twice as much work, as lightweight, puffed-up soaps. And what suds! Thick and creamy in hardest water. No wonder the makers of 36 leading washing machines say, "Use Rinso." Get the BIG package today!

Smaller License Tags Will Save State Funds For Road Improvement

HARRISBURG, Feb. 7.—Gradual reduction in the state's bonded indebtedness during the biennium which starts on June 1 make available about \$120,000 for highway construction more than in the two-year period coming to a close. That sum results from a smaller sum being needed out of the motor fund for interest and sinking charges.

During the present biennium \$14,076,952 and no needed out of the motor fund to meet the carrying charges on the outstanding bonds.

The sum necessary for the next two years is \$13,855,219. Of that amount \$5,274,112 will be set aside for sinking fund purposes and the remainder for interest.

On December 1, 1926 the bonded debt of the highways stood at \$93,221,000 and on July 1 the state will receive \$2,000,000 of those bonds.

From June 1, 1927 to November 30, 1928 the state paid off \$4,667,000 of the road bonds.

When the biennium closes on May 31 next it is estimated that the sinking fund will contain \$2,511,128 with which to meet its obligations. Because of the provisions of the enabling acts which authorized the sale of the bonds many of them cannot be redeemed until the expiration of the life of the bond. That feature will necessitate high appropriations from the motor or other funds to meet these charges. Each biennium, however, small reductions will be made.

Another saving which the highway department has decided on is the reduction of the size of the license tags beginning next year. That change is estimated to result in economies of about \$75,000 a year or \$150,000 for a biennium.

The lower amount needed for sinking fund and interest charges and the savings anticipated from the smaller license plates will be made available about \$75,000 in the next two years which can be spent on permanent road improvement. That sum in itself

is approximately 14 per cent of what amount the state in the last two years appropriated for township reward purposes to aid in the building of rural roads.

BLACKSMITH SAYS IT MADE GREAT CHANGE IN HIM

New Castle Man Feels Hundred Per Cent Better Since Using Famous Ten Herbs.

"I feel one hundred per cent better since using Ten Herbs," was the recent statement of Mr. Robert C. McCowin, 702 West North Street, New Castle, to the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30

MR. ROBERT McCOWIN

East Washington Street, this city, where he is daily demonstrating this famous new medicinal medicine to crowds of men and women of all ages and walks in life.

"About a year ago my health began to fail," continued Mr. McCowin, who is a blacksmith. "My stomach went back on me, and food did not digest properly. There was a heaviness at the pit of my stomach. Gas would build up so that I would have to take something to get temporary relief—but the gas would return when I ate again. I had severe headaches and was exceedingly nervous. There were sharp pains across my back and they would extend down into my hips. My kidneys did not function right, as I had to arise several times during the night. My general health was not up to par."

"I read about Ten Herbs in the paper and sent a bottle. It helped me, so I continued using your medicine. Now food digests properly and I can enjoy a good meal without fear of gas and bloating. Headaches have been relieved, and my whole nervous system has been greatly benefited. I have gained relief from the pains across my back and in my hips. I sleep a great deal better at night, and my rest is not disturbed by having to arise. Your preparation has helped me back to normal health, giving me new pep and vim. I can honestly recommend Ten Herbs as a splendid medicine."

Let Ten Herbs relieve you of disorders of the stomach, liver, kidneys and bowels. Let it improve your general health by cleansing and toning up your whole system—this will give you better protection against such dread diseases as influenza and la grippe, as well as common colds.

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily meeting the public and explaining the merits of this medicine.

Rev. G. M. Landis To Return From Chicago

Rev. George M. Landis, pastor of the First Baptist church expects to return to this city on Friday from Chicago where he has been spending the week.

Rev. Landis has been attending the Founders Week Bible conference at the Moody Bible Institute. Today he presided at the annual session of the Alumni association of Moody Institute of which he has the honor of being president.

WOMEN IN FAVOR OF OLD BLUE LAWS

NEW BRIGHTON, Pa., Feb. 7.—The Beaver County Women's Christian Temperance Union will strenuously oppose any effort to repeal the Pennsylvania blue laws of 1794. At the institute here the union went on record for the blue laws and denounced in resolutions attempts to modify them. Copies of the resolutions were forwarded to State Senator George T. Weingerter and Assemblyman F. W. Patterson, William S. Reader and A. S. Batchelor.

"Sax" Drives Away
Thoughts of Cold!

He thought he couldn't play that night, but the cold he'd caught that morning had departed. Great medical stunts people knew what really knocks

a cold in a few hours; many go through the winter without any trouble from colds. It's a compound that comes in little white tablets. Take one, and that first shuffle is just about the last you'll feel. It's so simple, and it's so effective, that you'll let the cold out and it's gone. Pape's Cold Compound is all you need for a cold, and it never seems to fail for anybody.

The Story Of American Industry
Early Experiments With Steam

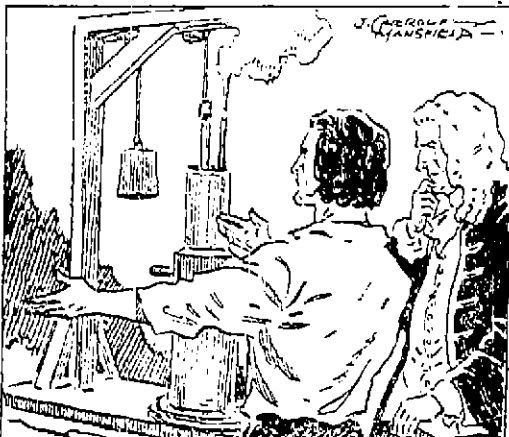

THE POWER OF STEAM WAS KNOWN TO CERTAIN LEARNED MEN AMONG THE ANCIENTS. ABOUT TWO THOUSAND YEARS AGO, HERO OF ALEXANDRIA INVENTED AN ENGINE BY WHICH A LARGE BALL WAS MADE TO REVOLVE AT A GREAT RATE OF SPEED BY STEAM. HOWEVER, THIS DEVICE WAS NOT APPLIED TO ANY PRACTICAL PURPOSE.

IN THE 6TH CENTURY, A. D., ANTHEMIUS, FAMOUS MATHEMATICIAN AND ARCHITECT OF THE GREAT CHURCH OF ST. SOPHIA IN CONSTANTINOPLE, MADE EXPERIMENTS WITH STEAM. THE TESTS HE MADE WERE LOOKED UPON AT THAT TIME AS SOMETHING AXIN TO MAGIC.

MEN CONTINUED TO EXPERIMENT WITH STEAM. IN 1629 AN ITALIAN NAMED BRANCA DEvised A QUEER-LOOKING STEAM ENGINE FOR POUNDING GRAIN. A JET OF STEAM FROM A BOILER, FASHIONED LIKE A MAN'S HEAD, TURNED A WHEEL WHICH SET THE MACHINE IN MOTION. THE PESTLES WERE RAISED BY COGS AND DROPPED OF THEIR OWN WEIGHT LIKE TRIP-HAMMERS.

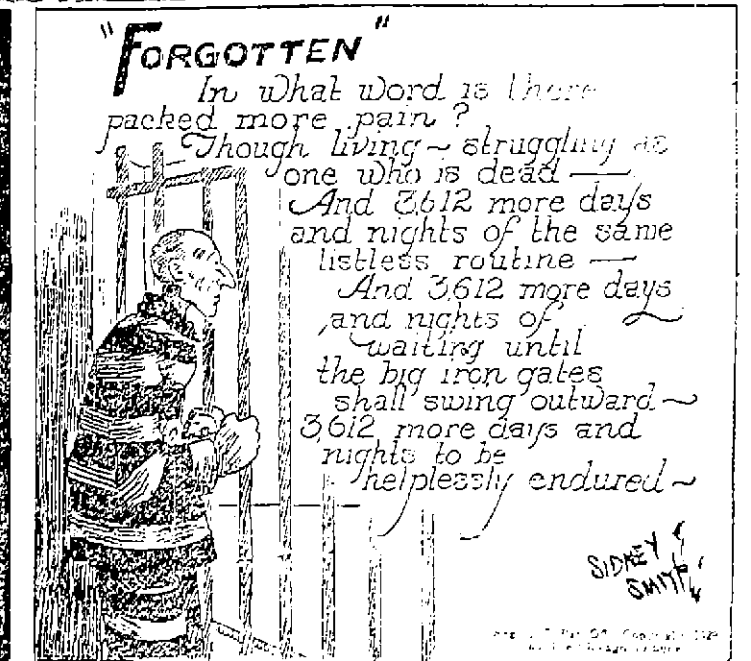

IN 1690, DENNIS PAPI, A FRENCH DOCTOR, INVENTED A SUCCESSFUL STEAM ENGINE WHICH HAD A CYLINDER AND A PISTON. THE PISTON WAS DRIVEN UPWARD BY THE PRESSURE OF STEAM, AND AS IT FELL, RAISED A WEIGHT TO WHICH IT WAS ATTACHED.

Four County League Games

Will Be Played Here Friday Evening By Class B School Teams

Youngstown East Here Saturday To Play New Castle

Sharon High Girls Will Battle New Castle High Maidens In Preliminary Game

NEW WILMINGTON IS NOW LEADING

The last round of the class B high school basketball league of Lawrence county will take place on the various home floors Friday evening.

The schedule for the evening is listed on the official bulletin of the athletic association. The league finds its home in the new gymnasium at Shennango, Union and East Brook at the former's new gym and Mt. Jackson and Eden Valley at Eden.

The evening is one promising as there will be no old rivals clashing and the various politics of the county schools will develop no material change in who will get the coveted cup at the close of the season—just seven more games away after Friday evening.

At each of these varsity games, the girls team of the schools will furnish the preliminary schedule.

As the varsity looks now, New Wilmington is head and shoulders above the rest. They have won six and have lost none. Bessemer and Union are both struggling for second honors with five apiece toward the cup and one loss. Shennango has won four and lost two. Mt. Jackson has broken even with three and three. East Brook is matching Mt. Jackson, having also won and lost three. Eden has lost five and gained one, and Plainville is suffering with six losses.

A week from Friday, the round will start over again and it is this group of titles where all grudges will have to be scored and points for the championship will be the last chance.

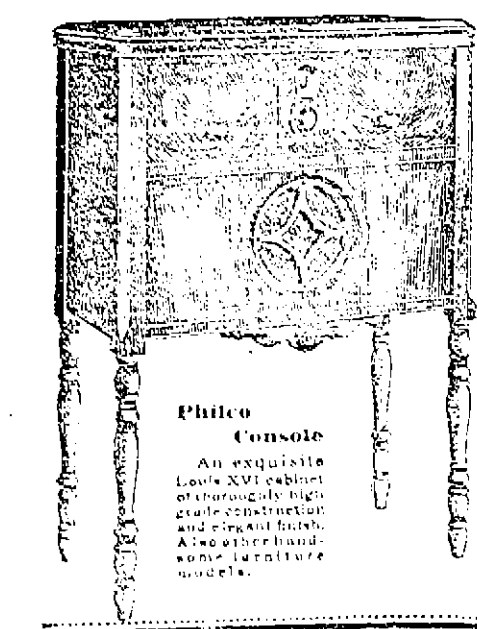

In the ladies league, New Wilmington is also apparently the dominant team in the field. Last week they defeated the Mt. Jackson girls team who were looked upon as possible champions. However the defeat suffered by the North Beaver young ladies was their first and they may have a chance to come back. Indications are that there will be another fall to New Wilmington in the return game.

The East Brook and Shennango girls teams are tied for third in the league; Bessemer is fourth and Eden Valley trailing. The Plainville school has no girls team and Union has had several games postponed due to the incompletion of their gymnasium but other games played have indicated that they follow the two leading teams.

Gerson Jewelers Take Victory

The Gerson Jewelers defeated the National team 28 to 13 in a Jewish league game played at Rayon high, Youngstown, on Wednesday night. Rogovin and Zieve led the Jewels in attack, with Herman the best for the losers.

Geneva Prepares For Grove City

Defeat By Bethany Fails To Decrease Covenanters' Enthusiasm

BEAVER FALLS, Feb. 7.—Although the Geneva variety lost a heartbreaker Monday night to the undefeated Bethany Bisons, the boys are in no way down-hearted and they are determined to start in again where they left off. The contest with the Bisons was one of the best defensive games ever staged on the Covenanter court. Both teams found it difficult to score, and it was only the brilliant individual work of Baker in the last five seconds of play that pulled the game out of the fire for Bethany. Paulsey and Ransom, Gold and White scoring aces, both had an oil evening, neither man scoring a field goal. Geneva missed many easy shots which ultimately caused the Loeffler quintet's downfall.

Attention now is being turned towards Grove City, Geneva's greatest rivals. Grove City's Crismon floor-men are having a lean year, but Bob Thorn's men are always dangerous and it would not be surprising if the Crismon passers should show a complete reversal of form. On account of this Coach Loeffler is priming his men to ward off another upset. It means everything for Geneva to defeat Grove City.

Athletic Director Edgecombe expects a larger crowd than any previous one as almost all reserve seats are gone.

Y. W. Phantoms Are Victorious

The Y. W. C. A. Phantoms defeated the Mahoningtown school on the Mahoningtown gym floor Tuesday night. The game was a one-sided affair throughout. All of the members of the Phantoms contingent played well while that of Stickle and Morgan was best for Mahoningtown.

The summary follows: The summary follows: Gerson Jewelers 23. Nationals 13. Rogovin 10, H. Lackey 13, E. Solomon 10, F. Cohen 10, J. Solomon 10, C. Herman 10, D. Cohen 10, G. Cohen 10, H. Rick Motors Win From Franklin In Fast Game, 27-22

Rick Motors Defeat Franklin Big "Y." Five Wednesday; Indians Defeat Kandy Kids

The Rick Motors of the City league added new laurels to their crown on Wednesday night, by toppling the strong Franklin Big "Y." five 27 to 22 in an exciting battle at the Y. M. C. A. floor. The Indians of the "Y" defeated the Kandy Kids of Wampum 22 to 19, in the preliminary game.

The Indians and Kandy Kids were tied at 9-9 at the end of the first half, but the Indians came through with a fast attack in the second half and grabbed the victory. McKim, Space, N. Uram and Seyring were the featured players.

The Franklin five led the Ricks 11 to 8 at the end of the first half, but a second half rally by the Ricks with Franklin and Alexander leading the attack gave the locals their victory. The Ricks deserve credit for their fine victory over one of the most powerful semi-pro teams in this section of the state. Shuffstall, Muse and Way played the best basketball for Franklin. For the Ricks the work of Franklin, Alexander and Coen featured. The foul goal tossing last night was the best seen here this year, the Ricks made 7 out of 7. Franklin made 10 out of 13.

The Warren Elks girls were scheduled to play the Castle Five girls in the preliminary game, but the Warren team had a misfortune at Youngstown and failed to arrive in New Castle for the battle.

The summary: Kandy Kids 19. Indians 22. A. Boone 10, F. J. Uram 10, McKim 10, F. Bakin 10, Herbert 10, C. Space 10, Allen 10, G. Long 10, Ferrucci 10, G. Remember This Fight?

1915—WILLIAMS FLOORED, WINS

(Written exclusively for Central Press and New Castle News) Although he was dropped for a short count, Kid Williams retained his bantamweight championship in a thrilling 20-round bout with Frankie Burns, the Jersey skelter, at New Orleans December 6, 1915.

Williams was caught with a sweeping left hook in the eighth round and sprawled backwards on the canvas. He was up at the count of three and by a fiery attack succeeded in evening up the round.

Burns was a clever boxer, one of the best of his time and by speedy footwork succeeded in taking the first six rounds from the titleholder. He tired, however, and with the exception of the 17th round did not win another round of the eight.

Williams' showing was somewhat of a disappointment to his southern followers, who expected the champion to outpoint the challenger without any trouble. However, Burns not only outboxed Williams until he was tired, but his knockdown punch in the eighth round had plenty of steam behind it. Williams was unable to score a knockdown.

The weight was 118 pounds ring-side, with both boys under the mark.

Named As Assistant Physical Director At Westminster College

(Special To The News) NEW WILMINGTON, Pa., Feb. 7.—William Maxwell of New Wilmington, a graduate in the class of 1927, has been appointed assistant physical director to Jack Hulme at Westminster college. Mr. Maxwell assumed his new duties last week. Maxwell will cooperate with Hulme and will assist him at the gymnasium, especially as an assistant trainer of varsity teams. He will also act as resident proctor in Robert Audley Browne dormitory.

Following his graduation from Westminster, Maxwell entered the army air service at Chanute field, Benton, Ill. The new assistant was a member of Delta Phi Sigma fraternity while in college and was manager of varsity track for three years.

Bethany Is Imposing Foe For Westminster On Friday Night

(Special To The News) NEW WILMINGTON, Pa., Feb. 7.—After watching the strong Bethany College quintet in action against Thiel at Greenville, Tuesday night, Coach John Lawther understands why the West Virginia team has gone through the season to date without defeat. He also understands why the entire district is centering eyes on tomorrow night's game here when the Bisons and the United Presbyterians tangle for conference honors.

Bethany's list of eight victories and no defeats is decisive. More than this, most of the victories have been decisive. Duquesne and Waynesburg have been buried under scores which gave the Bisons 20 and 30 point margins. Such a team is bound to extend the defending Westminster champions to the limit. Then, too, will have had two days of rest for the important game.

Coach Lawther will probably start the same men who have started the last six games. O'Donovan and Delahunty will play the forwards, Crowell at center, and T. Lewis and Rice at guard. Brownlee, freshman pivot, will not doubt see action in the game as will Kuchner, Gieszycki, W. Lewis, Ayers, Fisher, and Witherspoon. With this wealth of reserve material, Westminster should be able to give Bethany an even battle.

Morton, and faculty teacher Mr. Dean were guests at the Allegheny-Westminster game last Monday evening.

Ben Franklin To Play College Boys

On next Monday afternoon on the Franklin floor the Franklin team of the Junior High school floor league leaders will play the members of Westminster college—who are practicing teaching in the Ben Franklin school. The game will get under way at 4:15.

The Westminster team will consist of the student manager and several other athletes. Ten members of the Franklin floor team, Coach Lett will

Conference Plan Is Well Received

Believe New School Program For Western Pennsylvania Is Good Step

By "BUGS"

Announcement yesterday afternoon that New Castle high school is likely to join a western Pennsylvania scholastic conference has created considerable comment in this city.

The plan that is now being advanced looks like a good solution to the big problem that confronts the schools of this district in football and basketball. Each team in the conference would play five conference games to be in the running for the championship.

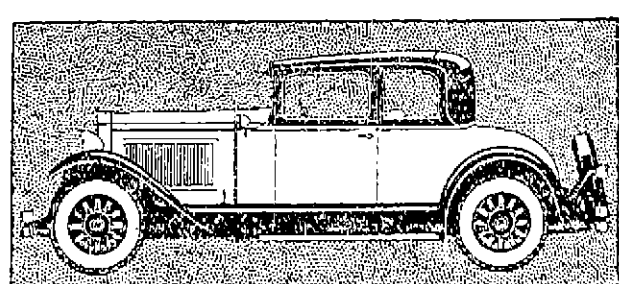

The New Castle football fans like good games, and it looks as if this desire will be satisfied should the conference plan be adopted. New Castle's schedule for 1929 is about completed. The conference plan would not start until 1930, it is believed, the banding together of the larger schools is a step forward.

Bass Disqualified Fouls Henry Lenard

(International News Service) ST. LOUIS, Mo., Feb. 7.—Benny Bass, Philadelphia featherweight, was disqualified in the third round of a scheduled 10 round bout here last night when he struck Henry Lenard of Chicago in the groin with a hard right hand punch.

Lenard had been knocked down for counts of 2 and 9 in the second and third rounds.

Northwestern Schools Have Conference Plan

Schools Of Northwestern Pennsylvania Plan For One Big Conference

ERIE, Pa., Feb. 7.—That a football conference among the leading high school of northwestern Pennsylvania will be formed and placed in operation by the 1930 season was made almost certain by action taken at a recent meeting of officials of district 8, P. I. A. A. at Erie.

As a majority of schools have already expressed themselves as being in favor of the conference, officials decided to write letters to all institutions allowing each to give the best possible plan for carrying out the conference. The suggestions will then be considered and the most effective used. In this manner new ideas may be secured.

Schmeling Will Visit Germany

NEW YORK, February, 7.—Max Schmeling the slugging German heavyweight will not fight in the United States until after he returns from his tour of his native country, according to his American manager, Joe Jacobs. The announcement was made in reply to the assertion of officials of the Boston Garden that Max would have to go through with his scheduled match with Con O'Kelly here.

Changes Suggested In Olympic Tryouts

By DAVID J. WALSH
Sports Editor International News Service
NEW YORK, Feb. 7.—Arriving their views for the benefit of a local publication, five prominent athletic coaches today attempted to tell what is the matter with America in Olympic competitions and, judging by the purport of their remarks, the only thing less inspiring than the results attained in the track events is the method by which the teams are selected.

Two of the coaches, Eddie Farrell of Harvard and Harry Hillman of Dartmouth, appear to daily with institutions in which the ugly word "politics" rears its head.

Three of them, Farrell, Hillman and Jack Ryder, of Boston College and the Boston A. A., were members of the 1928 staff at Amsterdam. All of them—the others being Harry Gill of Illinois and Keene Fitzpatrick of Princeton—agree that we kill our good men in a dubious effort to sustain the fact that they are good.

Their outbursts were inspired as a direct result of an article, "The Competition Was Too Keen," written by Jackson Scholz, member of the last three Olympic teams and the 200-meter champion in the 1924 games.

The five coaches mentioned suggest that we minimize the importance of final tryouts and try to arrive at a selection mostly, I suspect, on general principles.

Shorter Trials
The plans advanced by Farrell, Fitzpatrick, Hillman and Ryder vary only in detail, not in principle. That of Gill merely calls for the training season being shortened and the expansion of the final tryouts to an interval of three or four days to save the wear and tear on knees and blisters.

Farrell has an ambitious scheme, which calls for the raising of a permanent \$3,000,000 fund, the interest from which will defray the expenses of the trip, "eliminate politics" and prevent the duplication of effort. He wants pre-Olympic trials a year in advance, at which time 50 per cent

of the team would be selected provisionally. The selection would become absolute if these men continued to perform well before the final trials, which he wants held not less than seven weeks before the games. He also wishes the head coach to be in absolute charge, indicating again that popularity, such as the A. A. U.'s, must be deserved. Fitzpatrick thinks selections can be made from the results of college and A. A. U. competitions by a committee of six coaches and one prominent official, thus eliminating the eliminations altogether.

Hillman wants only three meets to establish the identity of the men, the meets to start 60 days before final selection. Two weeks before he would have a provisional team placed under observation and the selections made from the findings of those who do the observing.

Ryder strings along more or less with Scholz, who declared for the outstanding men being picked a year before the games. The Boston coach would have had these stand-outs in England a month before the games, with trials being held for the remaining places. He becomes a bit ironical in pointing out what he feels to be the absurdity of granting the miler runner and the javelin thrower the same week training on the other side.

Babe Ruth Not To Sign For Long Term

Babe Ruth, bantam of swat, will become a holdout if Col. Jake Rupert attempts to slice his salary at the expiration of his three-year contract. It expires in October. It is reported the big swatter will demand of the trip, "eliminate politics" and prevent the duplication of effort. He wants pre-Olympic trials a year in advance, at which time 50 per cent

of the team would be selected provisionally. The selection would become absolute if these men continued to perform well before the final trials, which he wants held not less than seven weeks before the games. Romeo should make up his mind to knock out Dugan, if he would win. He must have confidence in himself. Any fighter who rolls another three times surely should have that quality. Personally we like Romeo's fighting. He's clever, brainy and can punch.

Young Guido is in a fair way to cause his removal from the next card. He contracted for a fight with Tommy Malco at 150 and has insisted on 154 pounds, which may and may not suit Malco. There are too many of these gymnastic-headed fighters.

Circumstances like this cause substitutions. The club generally is blamed. Nine times out of 10 the fighters themselves are blamed. Why give Guido a five or six-pound advantage after he gave his weight as 150 pounds. He may be a fair kid, but evidently he can't be depended upon.

There'll be 480 pounds of bone and muscle in the first two tilts, as Jack Pickard, conqueror of Elmo in a Youngstown ring, will take on Jack Munroe, Pittsburgh, and Nick Polls will get his acid test with Maxie Brown.

HAID READY FOR SOUTHERN TRIP

New Castle Hurler With Cardinals Winters In California

Harold Haid, hurler for the St. Louis Cardinals, who spent the winter in California, is departing today for St. Louis to join the Cardinals for the southern training trip in California. During the winter Haid took on about 15 pounds of weight which gives him a poundage of about 172 now, which should help him considerably in his hurling season. "I expect a good season," said Haid in a letter to a New Castle friend. Haid is a New Castle boy.

Triangle Girls Trim East Brook

The New Castle Triangle Girls basketball team defeated East Brook last evening at East Brook 23 to 16. The game was fast and hard fought in every quarter.

The playing of Perry, Rech and Druschel featured for the Triangles. The feature players for East Brook were McKnight and Simson.

The summary:
Triangle Girls—23. East Brook—16.
Perry, Rech, Druschel, McKnight, Haid, Simson, Linton, Douglas, Wygonoski, Hood.
Subs: Triangles, Johnson, Rodgers, East Brook, Jameson, Gardner.
Field goals: Perry 5, Rech 5, Rodgers, Simson 4, McKnight 2.
Fouls: Triangles 1 out of 4, East Brook 4 out of 9.
Referees McKnight and Clark.
Scorers Nelson and Clark.

Ten Man Team Trial Opposed By Heydler

John Heydler, president of the National League, has declared that the ten-man baseball team trial will not feature the southern training this season. "It will show nothing and prevent pitchers from getting actual batting practice," he declared in a statement issued at New York.

HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

Fans who journey to Jolly Dow! here are presented with the fact that boys who have romped in semi-finals here are main busters in other cities.

For instance, U. S. Carpenter, a popular little gladiator, returned to main bout fame a few nights ago with Bartling Gizzy. He had a poor night and Gizzy, no more than a "club fighter," captured the decision. Carpenter fought semi-finals here.

Jeey Goodman, semi-finalist of a couple of months ago, graduated to main bout fame here, failed to draw a big house, but is now the talk of Cleveland and Cincinnati, and Tuesday night will battle Chet Smallwood in a main bout at Youngstown.

Nick Martin, who wants to fight George Perotta, and who has appeared here as a semi-finalist, is a main buster throughout southern Ohio. Martin romped here as a semi-final fighter, had easy going and is yearning for a whack at Perot.

Mickie Dugan slammed the day-lights out of Danny Levine of Detroit and has hopped into a main bout at Toledo. Should Romeo Paccelli stretch Mickie for a 10 count here February 18 the fame of the little lad from Jefferson street will fill westward.

Dick O'Leary, one of the best fighters in the 120-pound class, boxed in a semi-final here, not because he had to, but because Dick wanted to prove his ability following his slow bout with Johnny Dunn. He stopped that homebre from the South and is going over big.

Henry Firpo and Dick Evans have been fulfilling the top roles for some time. Firpo had quite a reputation down Kentucky way and Dick has been Youngstown's best middleweight for a couple of years. They ought to furnish some beautiful fireworks a week from Monday.

The semi-final looks like action with a big A. Romeo, according to his close friends, is in the hay every night at nine. Some of his opponents' friends seem to think he lacks the necessary dash to put Dugan away.

Romeo should make up his mind to knock out Dugan, if he would win. He must have confidence in himself. Any fighter who rolls another three times surely should have that quality. Personally we like Romeo's fighting. He's clever, brainy and can punch.

Ben Franklin Tossers Win

Easily Defeat Junior High Teams From Union High School

By CHARLES LANDOLF
Ben Franklin junior high basketball team won 23 to 11 over the Union high junior five in a game played last night on the Franklin floor. The contest was attended by close to 1,000 students from both institutions.

A few seconds after starting the game Ostrosky, guard for the Franklinites, sank a basket from the side of the court after which George sent the ball through the hoops for the second and final bucket scored in this stanza.

The second quarter was very fast and the Union team held their larger opponents to even terms, each registering two points by the field goal method. In this chapter George scored for the league leaders while Mataja, the Union center, caged one, making the score 6 to 2 in favor of the Franklin five.

Abraham at the start of the third quarter sank three buckets in a row with Ostrosky and Watson each caging a two pointer for their team while the Union team failed to produce a field goal. The third quarter found the Franklin team at the top by a 16 to 3 count.

The final quarter was somewhat slow with the Franklinites gaining seven points to four for the Union high chaps. Sanders sank two goals while Fabian found the hoops for one. Latimer registered all four points for his team with two field goals.

For the Franklin team the playing of Abraham, George and Ostrosky featured, while Latimer and Mataja were the best for the losers.

Girls Also Win
In the preliminary to the boys' game the Ben Franklin varsity lassies easily defeated the Union high girls' team by a 35 to 7 score in a regular junior high girls' league game which the Franklin girls are leading.

Sangor Kayoed By Canzoneri

(International News Service)
CHICAGO, Feb. 7.—Tony Canzoneri, the savage little New York Italian, faced a perplexing crisis in his ring career today following his spectacular seven-round disposal of Joey Sangor before a record crowd at Jim

Mullen's Coliseum show last night. Tony, who fought at 127 1-2 pounds, is undecided as to whether he should slip back to 126 pounds and try to regain his featherweight crown, lost to Andre Routis of France, or climb to 130 and go after the junior lightweight title of Tod Morgan.

At any rate, Tony stands today a sort of uncrowned king among the little fellows. His victory last night over the Milwaukee contender, with due credit to Sangor's gameness, was a splendid display of all the qualities

that characterize a great fighter. Aggressive to the point of savagery, he was cautious enough after virtually knocking Sangor out in the first round to bide his time for the crushing finale.

Broken-Hearted Dog Guards Pal's Body

Officer Cecil Suber of the police force reports a very unusual occurrence which goes to prove the almost human tendencies of dog said to be one of man's most faithful friends.

Tuesday night while on his rounds in the Seventh ward about 10:30 o'clock at the Montgomery avenue intersection of the South Liberty street he came upon a most unusual sight.

A small poodle dog had been struck and killed by a passing automobile. It was lying about the middle of the intersection of the streets. Suddenly there appeared on the scene a large bound dog who apparently had been the companion and friend of the dead dog.

Old Fire Bell Disposition Is Still Unsettled

sever again will the citizens of New Castle hear the clang of the fire bell in the East street building which formerly housed the Central fire department, as the weights are being removed from the bell today and will be stored in No. 7 department.

According to Councilman W. V. Tyler he has not yet determined what shall be done with the bell although it will not go for junk. He did say that an arrangement might be made to have it placed on the stack at the Carnegie steel mill.

Tyler believes the bell, suspended in the air at such an altitude would ring out so that it would be heard all over the city and would be a part of

the fire alarm system. The arrangement so far has not been attempted.

Some time ago a petition was presented to city council which asked that the bell be kept as a memento of the stirring days when fire struck the city, when the stayless hand of death entered the home of notables and when A. E. F. forces drove German hordes backward, etc.

County auditors have completed an audit of the books of County Treasurer Adda M. Smiley in account with the commonwealth of Pennsylvania. The audit shows that in 1928 there were 5550 hunters licenses issued, netting \$11,320, of which the county's share was \$566. There were also 41 licenses issued to non-residents of the state. In 1927 there were 6057 licenses issued, netting \$12,114.

During the past year 2802 fishing licenses were issued, at \$1.50 apiece, netting \$4203. This compares with 3160 licenses issued in 1927, netting \$4740. The fee in 1927 was \$1.50 each. It will be seen by the above that although a much greater number of licenses were issued in 1927, the proceeds were not as much, owing to the change in fee for 1928.

During the past year 5418 male dog licenses were issued and 1324 female, also 19 kennel licenses. In 1927 there were 5007 licenses issued for male dogs and 1130 for female.

Insurance Men Enjoy Banquets

Underwriters And Agency Men Gather At The Castleton, Wednesday

Howard Johnson agents in Northwestern Pennsylvania for the Provident Mutual Life Insurance company and approximately 50 other life insurance underwriters of Lawrence and surrounding counties banqueted and heard insurance discussed last night at The Castleton.

The banquet was held in two different rooms, one for the Lawrence County Life Insurance underwriters and guests and the other for the Provident Mutual agents of Northwestern Pennsylvania. The agents came from seven counties.

The address to the underwriters was made by Mr. Matheny of Beaver Falls of the Equitable Life of Iowa and the main address to all after 9 o'clock by Charles A. Tushingham, educational supervisor of the agency. His subject was "The Pathway to Primacy."

Tells Dyspeptics What to Eat

Strict Diets Often Unnecessary

It is a well known fact that some foods have a strong tendency to produce excessive stomach acidity and consequent indigestion. By omitting from daily meals those foods that experience proves do not agree and limiting the diet to certain tasteless, unappealing foods, stomach troubles may in many instances be slowly overcome. Nine times in ten, however, indigestion, gas, etc., are due to excessive acidity and the premature souring of food in the stomach. When the stomach is clean and sweet by freeing it of this extra acid and then sufferers can eat the foods they like best and as much as they want in reason and have no stomach trouble at all. Thousands of people do this daily by merely taking after every meal a little Bismarck-Walke's, which can be had at any good drug store in either powder or tablet form. Bismarck-Walke's instantly neutralizes stomach acids, stops food fermentation and means digest as naturally and peacefully as in the stomach of a healthy child. Stomach comfort means a lot and most folks like good things to eat. Enjoy them both by taking Bismarck-Walke's four daily after-eating protection.

Charge Worthless Checks Are Used In Buying Stocks

(Special To The News)
MERCER, Pa., Feb. 7.—Much interest is being taken in the case of B. A. Heffren of Sharon, now on trial here in which Heffren is charged with having passed worthless checks to the amount of \$27,500 in the purchase of stocks. The checks were issued on the Mahoning National Bank of Youngstown early last November in stock transactions with Morrison & Townsend of New York, who are stock brokers.

F. Getsoff of the brokerage concern, is the principal prosecuting witness.

He tells how Heffren went to New York ordered the stocks and turned in the checks in payment, the checks returning a few days with the information that Heffren had no funds in that bank.

It is generally believed as the trial progresses that Heffren did this with the hope that the market would show him a profit and enable him to make good.

Delay Sale Of Merchant Fleet

(International News Service)
WASHINGTON, Feb. 7.—The government's great North Atlantic merchant fleet, which includes the Leviathan will be sold to private interests only after all bids have been investigated and reports made to the Senate commerce committee.

This proposition was agreed to today by the shipping board when called before the committee to explain its reported negotiations for the sale of the fleet for \$16,300,000 to a New York syndicate headed by P. W. Chapman and Company, New York investment brokers.

Splendid Donation For Foreign Missions

Congregation Of Alliance Gospel Tabernacle Raises Three Thousand Dollars

Approximately three thousand dollars were raised to be donated to foreign missionary enterprise by the congregation of the Alliance Gospel Tabernacle on Pearson street of which Rev. E. C. Anderson is pastor, on the closing day of the annual missionary convention, Wednesday.

This sum which will be given during the year is considered a most substantial one for the local congregation. This church has five workers from this city on the foreign field. They are Miss Ceola Louis, Miss Sallie Bottom, Mrs. Mabel Ryan, and Mr. and Mrs. Gustafson.

The missionary convention which closed Wednesday evening began last Sunday. All of the sessions have been most inspiring and talks by Rev. C. C. Eamigh, returned missionary from Ecuador and Miss Mabel Graham of India were very instructive along the lines of missionary work.

The missionary convention is being held at Butler, Pa., where they will conduct a similar convention. Rev. Armstrong, leader of the party will speak at the tabernacle again next Sunday.

Revival To Close At Nazarene Church

In spite of the unfavorable weather last evening, a large crowd gathered at the Nazarene church for the evangelistic service.

After a rousing song service led by Prof. Sparks, Evangelist Dickerson brought a strong message on sin using for his text: "Be Sure Your Sin Will Find You Out."

At the close of the sermon many went forward to seek salvation. The evangelist will give his life story this evening. This special series of meetings will close with the Sunday evening service.
